Ladies and Gentlemen:

By letters dated March 2, 2005, July 24, 2006, February 6, 2007, March 7, 2011, October 18, 2011 and an August 25, 2010 amendment to a then-pending FCC transfer application in WC Docket 10-156 (together, the "Commitment Documents") (all attached hereto), U.S. TelePacific Corp., a wholly owned subsidiary of U.S. TelePacific Holdings Corp. (together, the "Company"), made certain commitments to the U.S. Department of Justice ("DOJ"), including the Federal Bureau of Investigation ("FBI"), and to the U.S. Department of Homeland Security ("DHS"). Those commitments addressed national security, law enforcement and public safety concerns raised with regard to the Company's applications to the Federal Communications Commission ("FCC") regarding the transfer of certain assets from Pac-West Telecomm, Inc. to U.S. TelePacific Corp., transfers of control of Mpower Communications Corp. and Arrival Communications, Inc. to Company, the transfer of certain assets from O1 Communications, Inc. to U.S. TelePacific Corp., the transfer of control of NextWeb, Inc. to U.S. TelePacific Corp., and the transfer of control of TelePacific Communications Co. (f/k/a Tel West Network Services Corporation) to U.S. TelePacific Corp., respectively.¹

By this letter, the Company agrees to extend the commitments made in the Commitment Documents to address any national security, law enforcement and public safety concerns that may be raised with regard to the application filed at the FCC for authority pursuant to Section 214 of the Communications Act of 1934, as amended, for the transfer of control of FCC international and domestic authorizations, to wit, the transfer of control of DSCI, LLC to Company.

¹ While Company submitted a letter dated July 18, 2011, in connection with a transaction to acquire assets from IXC Holdings, Inc., the Company subsequently notified the FCC and DOJ on March 26, 2012 that the transaction would not be consummated and the assets would not be operated by Company pursuant to the letter dated July 18, 2011.

In particular, this letter is being submitted for the purpose of extending the commitments made in the Commitment Documents by the Company to the operations of DSCI, LLC and its subsidiary, DSCI Corporation of Virginia, Inc., following their acquisition by the Company. As a result, following the acquisition, the commitments as set forth in the Commitment Documents will apply with full force and effect to the Company's wholly owned telecommunications operating subsidiaries: U.S. TelePacific Corp., Mpower Communications Corp., Arrival Communications, Inc., NextWeb, Inc., TelePacific Communications Co. (f/k/a Tel West Network Services Corporation), and, upon consummation of the proposed transfer of control transaction, DSCI, LLC and DSCI Corporation of Virginia, Inc. (together, "Operating Subsidiaries").

In addition, the Company agrees that it and its Operating Subsidiaries will comply with all applicable lawful interception statutes, regulations, and requirements, including the Communications Assistance for Law Enforcement Act (CALEA) and its implementing regulations, and with all court orders and other legal process for lawfully authorized electronic surveillance. As part of complying with CALEA and its implementing regulations, the Company agrees that it and its Operating Subsidiaries will implement and maintain a CALEA solution or solutions that is or are in full compliance with CALEA's capability requirements. The Company further agrees that to the extent any issues or problems arise with respect to conducting lawfully authorized electronic surveillance or with it or its operating subsidiaries' CALEA solution or solutions, it and its Operating Subsidiaries will work diligently with law enforcement to resolve the issues or problems.

Finally, the Company hereby confirms that Mr. Michael Cowan, the designated contact set forth in U.S. TelePacific Corp.'s February 4, 2016 letter, is the Company's designated-point of contact for all of the Company's Operating Subsidiaries to hold authority and responsibility for accepting and overseeing compliance with wiretap orders, electronic surveillance orders, pen/trap orders, subpoenas or other legal process by U.S. law enforcement authorities for lawfully authorized electronic surveillance or U.S. records, in accordance with the Commitment Documents. The Company also agrees that it will promptly notify DOJ and DHS of any change in such designation or any additional designees.

Mr. Cowan has his office in the United States, is a citizen of the United States, is resident in the United States, and already has a security clearance to accept and process National Security Letters. Mr. Cowan's contact information is:

Dear Ms. Parsky, Ms. Gabbrielli, and Mr. Kelley:

This letter outlines the commitments made by U.S. TelePacific Corp. (“the Company”), to the U.S. Department of Justice (“DOJ”), including the Federal Bureau of Investigation (“FBI”), and to the U.S. Department of Homeland Security (“DHS”), in order to address national security, law enforcement and public safety concerns raised with regard to the Company’s application to the Federal Communications Commission (“FCC”) for authority pursuant to Section 214 of the Communications Act of 1934, as amended, for the transfer of assets of an authorized U.S. international and domestic common carrier, to wit, the transfer of certain customer accounts from Pac-West Telecomm, Inc. to the Company.

The Company agrees that, for all customer billing records, subscriber information, or any other related information used, processed, or maintained in the ordinary course of business relating to communications services offered to U.S. persons, but not including subscriber listing information that the Company makes available for publication in public telephone books and public directory assistance in the normal course of business, (“U.S. records”), the Company will

store such U.S. records exclusively in the United States. For these purposes, U.S. records shall include information disclosable to a U.S. federal or state governmental entity under the procedures specified in Sections 2703(c) and (d) and Section 2709 of Title 18 of the United States Code. The Company agrees to ensure that U.S. records are not made subject to mandatory destruction under any foreign laws. The Company agrees to take all practicable measures to prevent unauthorized access to or disclosure of the content of communications or U.S. records, in violation of any U.S. federal, state, or local laws or of the commitments set forth in this letter.

The Company agrees that it will not, directly or indirectly, knowingly disclose or permit disclosure of or access to U.S. records, or to any information (including the content of communications) pertaining to an order to intercept communications, an order for a pen register or a trap and trace device, a subpoena or other lawful demand by a U.S. law enforcement agency for U.S. records, to any person if the purpose of such disclosure or access is to respond to the legal process or request on behalf of a non-U.S. government without first satisfying all pertinent requirements of U.S. law and obtaining the express written consent of the DOJ and DHS or the authorization of a court of competent jurisdiction in the United States. The term "non-U.S. government" means any government, including an identified representative, agent, component or subdivision thereof, that is not a local, state or federal government in the United States. Any such requests or legal process submitted by a non-U.S. government to the Company shall be referred to the DOJ and DHS as soon as possible, and in no event later than five (5) business days after such request or legal process is received by and known to the Company, unless the disclosure of the request or legal process would be in violation of U.S. law or an order of a court in the U.S.

The Company also agrees that it will, within ten (10) days from the date of this letter, designate one or more points of contact within the United States with the authority and responsibility for accepting and overseeing compliance with a wiretap order, pen/trap order, subpoena or other lawful demand by U.S. law enforcement authorities for the content of communications or U.S. records. The points of contact will be assigned to an office of the Company located in the United States. Upon designation, the Company will notify the FBI, DOJ and DHS in writing of the points of contact, and thereafter shall promptly notify the FBI, DOJ and DHS of any change in such designation. The points of contact shall be resident U.S. citizens, and the Company shall cooperate with any request by a U.S. government authority that a background check or security clearance process be completed for a designated point of contact.

The Company agrees that it will notify the FBI, DOJ and DHS promptly if there are material changes in any of the facts as represented in this letter or in the event that the Company acquires, directly or indirectly, by ownership in fee, indefeasible right of use, or lease, any significant new facility, including, without limitation, a switch, an international communications transmission facility, or other major transmission facility. All notices to be provided to the FBI, DOJ or DHS shall be directed to the named addressees of this letter.

The Company agrees that, in the event the commitments set forth in this letter are breached, in addition to any other remedy available at law or equity, the DOJ, FBI or DHS may request that the FCC modify, condition, revoke, cancel, or render null and void any relevant license, permit, or other authorization granted by the FCC to the Company or any successor-in-

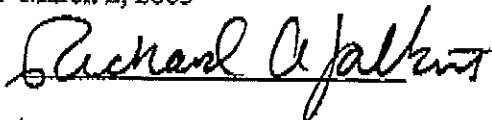

interest to the Company. Nothing herein shall be construed to be a waiver by the Company of, or limitation on, its right to oppose or comment on any such request.

We understand that, upon execution of this letter by an authorized representative or attorney for the Company, the DOJ, FBI and DHS shall notify the FCC that the DOJ, FBI and DHS have no objection to the FCC's grant of the Company's application filed with the FCC.

Sincerely,

U.S. TelePacific Corp.

Dear Assistant Secretary Heyman and Assistant Attorney General Monaco:

By letters dated March 2, 2005, July 24, 2006, February 6, 2007, March 7, 2011, and July 18, 2011, and an August 25, 2010 amendment to a then-pending FCC transfer application in WC Docket 10-156 (together, the "Commitment Documents") (all attached hereto), U.S. TelePacific Corp., a wholly owned subsidiary of U.S. TelePacific Holdings Corp. ("Company"), made certain commitments to the U.S. Department of Justice ("DOJ"), including the Federal Bureau of Investigation ("FBI"), and to the U.S. Department of Homeland Security ("DHS"). Those commitments addressed national security, law enforcement and public safety concerns raised with regard to the Company's application to the Federal Communications Commission ("FCC") regarding the transfer of certain assets from Pac-West Telecomm, Inc. to U.S. TelePacific Corp., transfers of control of Mpower Communications Corp. and Arrival Communications, Inc. to Company, the transfer of certain assets from O1 Communications, Inc. to U.S. TelePacific Corp., the transfer of control of NextWeb, Inc. to U.S. TelePacific Corp., and the transfer of certain assets from IXC Holdings, Inc. to TelePacific Managed Services, respectively.

By this letter, the Company agrees to extend the commitments made in the Commitment Documents to address any national security, law enforcement and public safety concerns that may be raised with regard to the application filed at the FCC for authority pursuant to Section 214 of the Communications Act of 1934, as amended, for the transfer of control of FCC international and domestic authorizations, to wit, the transfer of control of Tel West Network Services Corporation ("Tel West"), to the Company.

In particular, this letter is being submitted for the purpose of extending the commitments made in the Commitment Documents by the Company to the operations of Tel West following its acquisition by the Company.¹ As a result, following the acquisition, the commitments as set forth in the Commitment Documents will apply with full force and effect to the Company's wholly owned telecommunications operating subsidiaries: U.S. TelePacific Corp., Mpower Communications Corp., Arrival Communications, Inc., NextWeb, Inc., TelePacific Managed Services and, upon consummation of the proposed transfer of control transaction, Tel West (together, "Operating Subsidiaries").

In addition, the Company agrees that it and its Operating Subsidiaries will comply with all applicable lawful interception statutes, regulations, and requirements, including the Communications Assistance for Law Enforcement Act (CALEA) and its implementing regulations, and with all court orders and other legal process for lawfully authorized electronic surveillance. As part of complying with CALEA and its implementing regulations, the Company agrees that it and its Operating Subsidiaries will implement and maintain a CALEA solution or solutions that is or are in full compliance with CALEA's capability requirements. The Company further agrees that to the extent any issues or problems arise with respect to conducting lawfully authorized electronic surveillance or with it or its operating subsidiaries' CALEA solution or solutions, it and its Operating Subsidiaries will work diligently with law enforcement to resolve the issues or problems.

Finally, the Company hereby confirms that Mr. Erich E. Everbach, the designated contact set forth in U.S. TelePacific Corp.'s March 9, 2005 letter and affirmed in its subsequent Commitment Documents, is the Company's designated-a point of contact for all of the Company's Operating Subsidiaries to hold authority and responsibility for accepting and overseeing compliance with wiretap orders, electronic surveillance orders, pen/trap orders, subpoenas or other legal process by U.S. law enforcement authorities for lawfully authorized electronic surveillance or U.S. records, in accordance with the Commitment Documents. The Company also agrees that it will promptly notify DOJ and DHS of any change in such designation or any additional designees.
