

Schedule to Answer to Question 15

After consummation of the proposed transaction, RCI and Reliance Communications International Inc. (“RCII”), a wholly-owned subsidiary of RCI that provides international calling card services in the United States under the umbrella of RCI’s Section 214 authorization, will provide international telecommunications services to the following destination countries that are served by foreign carriers that will be controlled by the entities that will also own at least a twenty-five percent (25%) interest in RCI. These foreign carriers and destination countries are identified in the Schedule to Answer to Question 14.

- India, a destination country where (i) RCOM is licensed to provide competitive wireline and wireless telecommunications services, (ii) RTL is licensed to provide cellular mobile service, and (iii) Aircel and its wholly-owned subsidiaries Aircel Cellular Limited and Dishnet Wireless Limited (individually and collectively, “Aircel India”) are licensed to provide cellular mobile service. RCOM, RTL and/or Aircel India (individually or collectively) have less than a 50% market share in the international transport and local access markets in India.
- The United Kingdom, a destination country where (i) RCUK is licensed to provide international wholesale and retail calling services, (ii) FLAG Atlantic UK Limited (“FLAG UK”), the U.K. subsidiary of RGL, operates the U.K.-components of the FLAG Atlantic-1 cable system, and (iii) the U.K. subsidiaries of RVGL listed in the Appendix to Schedule to Answer to Question 14 provide managed network service and manage components of RVGL’s global telecommunications network. RCUK, FLAG UK and/or the RVGL subsidiaries in the U.K. (individually or collectively) have less than a 50% market share in the international transport and the local access markets in the United Kingdom.
- Canada, a destination country where (i) RCCI holds a license to provide basic international telecommunication services and provides retail international calling services, and (ii) Vanco US LLC provides managed network services. RCCI and/or Vanco US LLC (individually or collectively) have less than a 50% market share in the international transport and the local access markets in Canada.
- Singapore, a destination country where (i) Reliance Communications (Singapore) Pte. Limited (“RCSG”) provides retail international calling services, (ii) FLAG Telecom Singapore Pte. Limited (“FLAG Singapore”) provides carrier services, and (iii) Vanco (Asia Pacific) Pte. Limited (“Vanco Asia Pacific”) provides managed network service and manages components of RVGL’s global telecommunications network. RCSG, FLAG Singapore and/or Vanco Asia Pacific (individually or collectively) have less than a 50%

market share in the international transport and the local access markets in Singapore.

- Australia, a destination country where (i) Reliance Communications (Australia) Pty Limited (“RC Aus”) provides retail international calling services, and (ii) Vanco Australasia Pty Limited (“Vanco Aus”) provides managed network service and manages components of RVGL’s global telecommunications network. RC Aus and/or Vanco Aus (individually or collectively) have less than a 50% market share in the international transport and the local access markets in Australia.
- Hong Kong, a destination country where (i) Reliance Communications (Hong Kong) Limited (“RCHK”) provides retail international calling services, and (ii) FLAG Telecom Asia Limited (“FLAG HK”) provides carrier services. RCHK and/or FLAG HK (individually or collectively) have less than a 50% market share in the international transport and the local access markets in Hong Kong.
- New Zealand, a destination country where Reliance Communications (New Zealand) Pte. Limited (“RCNZ”) provides retail international calling services. RCNZ has less than a 50% market share in the international transport and the local access markets in New Zealand.
- The other destination countries (Bahrain, Belgium, France, Germany, Greece, Ireland, Italy, Japan, Republic of Korea, Netherlands, Poland, Spain, Sweden, Switzerland and Taiwan) in which the RGL and/or RVGL subsidiaries listed in the Appendix to Schedule to Answer to Question 14 are licensed to provide or do provide telecommunications services. These RGL or RVGL affiliates (individually or collectively) have less than a 50% market share in the international transport and the local access markets in each of the relevant destination countries.
