Re: LogMeIn, Inc., Supplemental Submission, WT Docket No. 18-42; IBFS File No. ITC-T/C-20180209-00031

Dear Ms. Dortch:

LogMeIn, Inc. (“LogMeIn”) provides the following supplement to the above-referenced applications for consent to the transfer of control of Jive Communications, Inc. (“Jive”).

As described in the applications, LogMeIn proposes to acquire Jive through a merger of Jive with a subsidiary of LogMeIn USA, Inc. (“LogMeIn USA”), which in turn is a direct, wholly owned subsidiary of LogMeIn. LogMeIn USA is the U.S. operating company of LogMeIn. LogMeIn USA does not itself provide telecommunications services, but is the direct or indirect parent company of entities that provide telecommunications services, as detailed in the applications.

In the applications, LogMeIn identified FMR LLC as an owner of 10% or more of the outstanding shares of LogMeIn, which are publicly traded and widely held. Based on a review of information regarding FMR LLC filed with the U.S. Securities and Exchange Commission (“SEC”) and other publicly available sources, FMR LLC is a privately held entity owned and controlled by Abigail P. Johnson and the Johnson family. Ms. Johnson is the CEO, Chairman and Director of FMR LLC. Ms. Johnson is a United States citizen.¹

Based on information filed with the SEC, as of December 31, 2017 FMR LLC held 10% or greater interests (calculated based on common shares outstanding) in the following companies that may provide communications services. Descriptions of the services provided by each are based on information contained in the SEC Form 10-K annual filings of each company:

¹ See <https://www.forbes.com/profile/abigail-johnson/>.

- j2 Global, Inc. (14.37%): j2 Global, Inc. is a Delaware corporation engaged in the provision of internet services, including online fax, virtual phone systems, unified communications, online backup, and global network operations.
- Presidio, Inc. (11.36%): Presidio, Inc. is a Delaware corporation engaged in the provision of information technology solutions, including cloud, advanced networking, data analytics, data center, collaboration and mobility services.
- Twilio, Inc. (18.26%): Twilio, Inc. is a Delaware corporation engaged in the provision of communications software, cloud-based platform and services, including VoIP and messaging.
- Gogo Inc. (12.34%): Gogo Inc. is a Delaware corporation engaged in the provision of in-flight internet connectivity, and other voice and data communications products and services.

Please contact us if you have any questions regarding this submission.

Respectfully submitted,

/s/
