

ATTACHMENT 1

This filing notifies the Federal Communications Commission (“Commission”) pursuant to Section 63.24(f) of the Commission’s rules of the *pro forma* transfer of control of several international Section 214 authorizations controlled by Altice USA, Inc. (“Altice USA”).¹ Specifically, on June 8, 2018, Altice USA separated from Altice N.V.—its intermediate European parent company—through a distribution of Altice USA shares to Altice N.V. shareholders. The ultimate controlling shareholder of Altice N.V. retained control of Altice USA post-distribution. This restructuring resulted in no change to the ultimate ownership or control of the international 214 authorizations. As such, the transaction was *pro forma* in nature.

Answer to Question 13

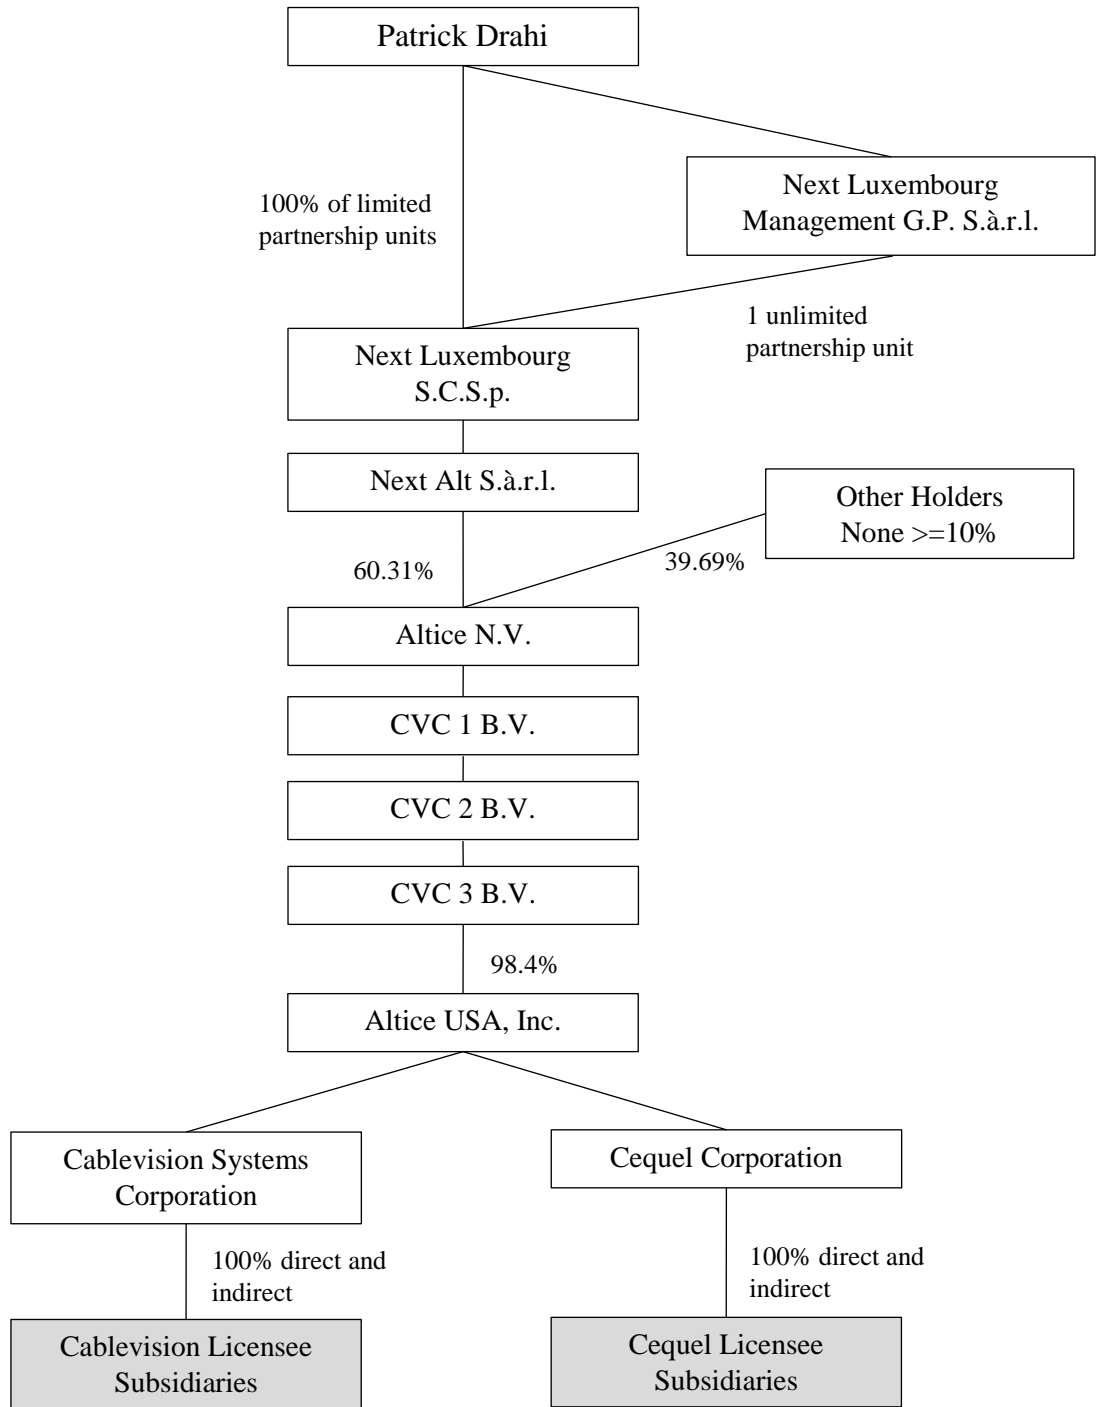

This filing notifies the Commission pursuant to Section 63.24(f) of the Commission’s rules of the *pro forma* transfer of control of several international Section 214 authorizations held by Cebridge Telecom Limited, LLC, Cebridge Telecom TX, L.P., and Cablevision Lightpath Inc., and indirectly controlled by Altice USA. On June 8, 2018, Altice USA separated from Altice N.V.—its intermediate European parent company—through a distribution of Altice USA shares to Altice N.V. shareholders. The ultimate controlling shareholder of Altice N.V. retained control of Altice USA post-distribution.

The transaction may be characterized as either an “[a]ssignment from a corporation to its individual stockholders without effecting any substantial change in the disposition of their interests” or a “[c]orporate reorganization that involves no substantial change in the beneficial ownership of the corporation,” both of which are presumptively *pro forma*.² Therefore, Altice USA certifies that the transaction has not resulted in a substantial change in ultimate ownership and is *pro forma* under the Commission’s rules. The Commission has stated that, in situations “where no substantial change of control will result from the transfer or assignment, grant of the application is deemed presumptively in the public interest.”³
