The remaining equity ownership interest in UCH is held by a former employee, Michael F. Jury. Mr. Jury presently holds non-voting class B units amounting to 3.01% of the equity of UCH. Mr. Jury is a United States citizen.

ANSWER TO QUESTION 13

UTC-LD is the holder of an International 214 authorization granted under file number ITC-214-19970205-00061. UTC-LD became a wholly-owned subsidiary of UCH in a transaction approved by the Commission in 2011 (see file no. ITC-T/C-20110623-00175). UCH is a limited liability company that was formed in 2011 by MSouth Equity Partners, LP (“MSouth”), William H. Bradford (President and Chief Executive Officer), and Eugene B. Johnson (Chairman) to acquire, *inter alia*, ownership of UTC-LD. In 2017, the Commission approved the redemption of 100% MSouth’s membership interests in UCH and the transfer of control of UCH and UTC-LD to Messrs. Bradford (50%) and Johnson (50%) (*see* IBFS file no. ITC-T/C-20170908-00153, WC Docket No. 17-242 and ULS file no. 0007929738).

There are two classes of membership interests in UCH; Class A carries voting rights and Class B does not carry voting rights. On July 5, 2018, Messrs. Bradford and Johnson engaged in an exchange of ownership interests whereby Mr. Bradford received Class A voting interests in UCH from Mr. Johnson and Mr. Johnson received Class B non-voting interests in UCH from Mr. Bradford. As a result of this exchange, Mr. Bradford moved from a position of negative control of UCH (50%) to a position of positive control (82%) with no substantial change to his overall equity position in the company. Mr. Johnson continues to hold the remaining 18% of the class A voting membership interests in UCH. Additionally, on July 6, 2018 Mr. Johnson donated a portion of his Class B non-voting membership interests to a charitable trust, thereby reducing his overall equity position in UCH from approximately 42% to 22%.

William Bradford remains in his current position as President and Chief Executive Officer of UCH and Eugene Johnson remains in his current position as Chairman of UCH. Accordingly, this transaction will not result in any change in *de facto* control of the day-to-day operations of the International 214 holder or its parent.

UTC-LD’s affiliate United Communications Inc. (“UCI”) holds one nationwide 3.65 GHz license and 18 private microwave licenses authorizations from the Commission. Contemporaneous notification has been filed with the FCC with respect to the *pro forma* transfer of control described herein as it relates to those wireless authorizations.
