Single Digits, Inc., a Delaware corporation, provides interconnected Voice over Internet Protocol services in all 50 states, the District of Columbia, and Puerto Rico.

(iv) Applicants have previously requested streamlined processing of the above-referenced Application pursuant to Section 63.03(b)(1)(ii) of the Commission's Rules, 47 C.F.R. §63.03(b)(1)(ii). In addition and in the alternative, Applicants respectfully request streamlined processing under Section 63.03(b)(2)(ii) because the Applicants are a dominant carrier (ITS Telecommunications Systems, Inc.) and a non-dominant carrier (Blue Stream) that provides services exclusively outside the geographic area where the dominant carrier is dominant.

Should you have any questions concerning this filing, please do not hesitate to contact the undersigned.
