Answer to Question 12 – Section 63.09(g):

There are no interlocking directorates with any foreign carrier.

Answer to Question 13:

The Commission is hereby notified of the *pro forma* transfer of control of international Section 214 authority held by SCCLP as the result of the LLC conversion of certain holding companies above the licensee. The conversions occurred on December 31, 2021, and involved no change in the ownership of any entity. Attached are charts showing the ownership of SCCLP before and after the conversions.

Because the conversions did not change the ultimate control of the Section 214 authorizations, the transaction was *pro forma* in nature.¹ The Commission has stated that, in situations “where no substantial change of control will result from the transfer or assignment, grant of the application is deemed presumptively in the public interest.”²

Carriers*, Memorandum Opinion and Order, 13 FCC Rcd. 6293, 6299, ¶ 8 (1998) (“*FCBA Forbearance Order*”) (“corporate reorganization which involves no substantial change in the beneficial ownership of the corporation” is *pro forma* in nature); cf. 47 C.F.R. § 63.24(d).

Pre-Conversion Ownership:

*All ownership is 100% unless otherwise indicated.
