Description of Transaction and Public Interest Statement:

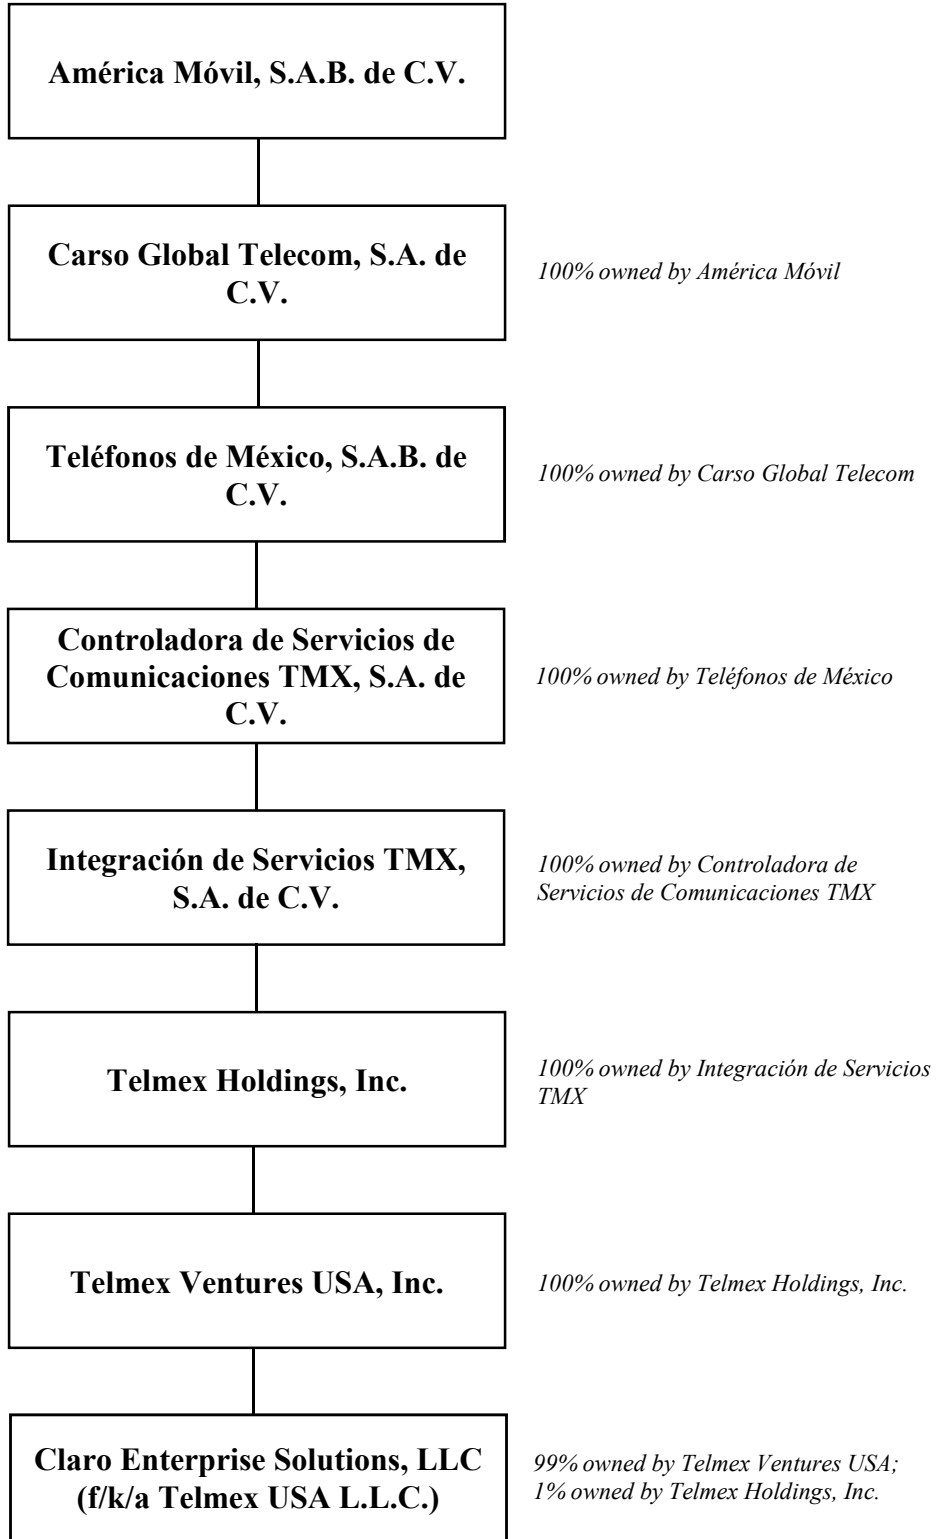

América Móvil hereby notifies the Commission of the *pro forma* transfer of control of the international section 214 authorizations held by Telmex Holdings and its wholly owned indirect subsidiary, CES, in connection with an internal reorganization. Specifically, Integración de Servicios TMX, S.A. de C.V. (“ISSA”), an indirect subsidiary of América Móvil, transferred its shares in Telmex Holdings to Sercotel, S.A. de C.V. (“Sercotel”), a direct subsidiary of América Móvil. Because both ISSA and Sercotel are wholly owned by América Móvil, Telmex Holdings and CES remain indirectly owned and controlled by their ultimate parent, América Móvil, and that company’s controlling shareholders, the Slim Family. Accordingly, the transfers of the authorizations held by Telmex Holdings and CES in connection with this transaction are *pro forma* in nature.

Attached are charts showing the ownership of the affected FCC licensees both before and after the transaction.

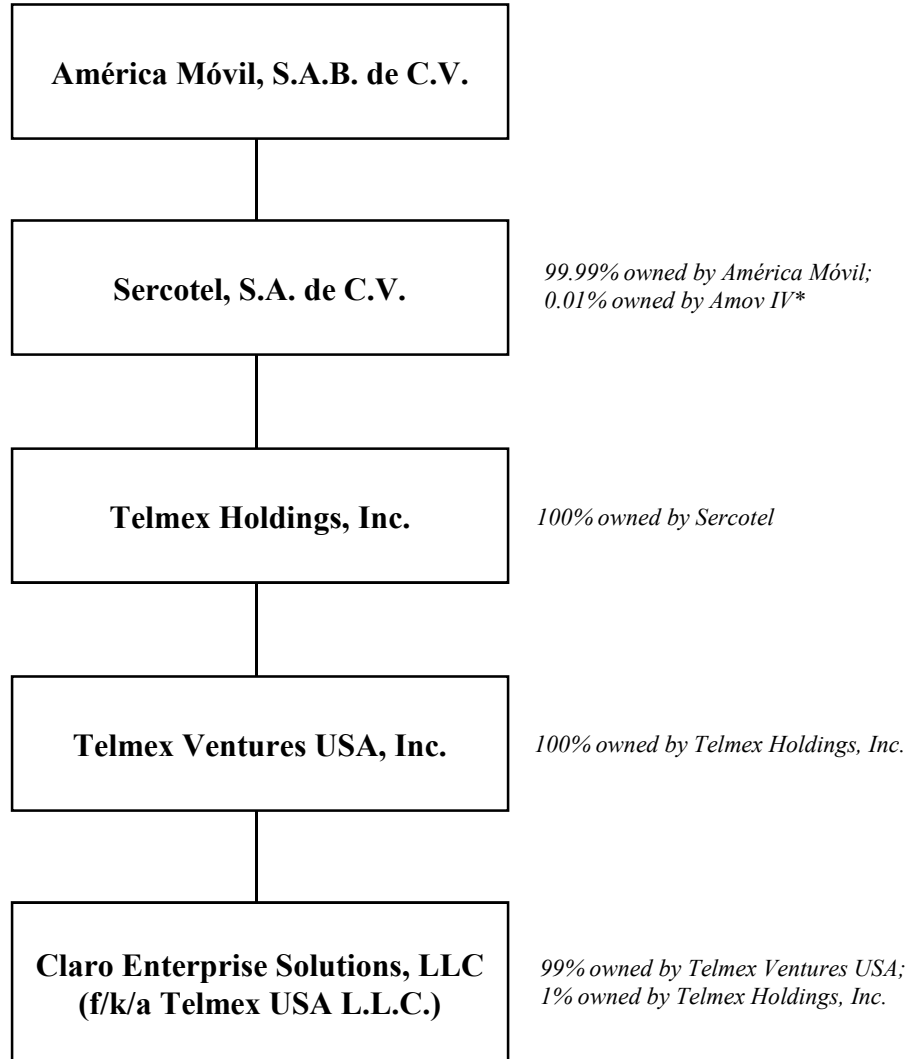

The Commission’s rules provide that “[i]n the case of a *pro forma* assignment or transfer of control, the section 214 authorization holder is not required to seek Commission approval.”⁴ América Móvil hereby certifies that the transfer of control described herein was *pro forma* and that, together with all previous *pro forma* transactions, does not result in a change in the controlling party of any international 214 authorization.
