#### **JOINT APPLICATION**

Python Intermediate II, LLC ("Transferee") and PC III CTH Holdings, L.P. ("PC III Holdings" or "Transferor") (together, "Applicants"), pursuant to Section 214 of the Communications Act of 1934, as amended (the "Act"), 47 U.S.C. § 214, and Sections 63.04 and 63.24 of the Commission's Rules, 47 C.F.R. §§ 63.04 & 63.24, request Commission approval for Transferee to acquire ownership and control of Clarity Telecom Holdings, LLC ("Clarity Holdings") from Transferor (the "Python Transaction"), which will result in the transfer of indirect control to Transferee of the following Section 214 authority holders: (i) Clarity Telecom, LLC d/b/a Vast Broadband ("Clarity" or "Clarity Licensee"); and (ii) subject to the timely closing of Clarity's pending acquisition of NTS, Inc. ("NTSI") (the "NTS Transaction"), NTS Communications, Inc. ("NTSI")

The NTS Transaction involves Clarity acquiring all of the outstanding equity interests in NTS, Inc., the parent company of the NTS Licensees (as defined below), from T3 North Intermediate Holdings, Inc. ("T3"). The NTS Transaction is a wholly separate transaction that is expected to be completed prior to the Python Transaction and that is not conditioned on or otherwise linked

Comm"), NTS Telephone Company, LLC ("NTS-Tel"), PRIDE Network, Inc. ("PRIDE") and XFone USA, Inc. ("XFone") (NTS-Comm, NTS-Tel, PRIDE, and XFone, together the "NTS Licensees") (Clarity and NTS Licensees together, the "Python Licensees").

In support of this Application, Applicants provide the following information:

#### I. <u>DESCRIPTION OF THE APPLICANTS</u>

#### A. Transferee – Python Intermediate II, LLC

Transferee is a newly formed company created for the purpose of completing the Python Transaction. Transferee is indirectly, wholly owned by Python Holdings, L.P. ("Python Holdings"), an investment fund also created for the purpose of the Python Transaction. As described in more detail below, Python Holdings is primarily owned and controlled by funds and entities affiliated with Pamlico Capital and Oak Hill Capital Partners, which are private equity funds based in the United States. The equity in the Pamlico Capital and Oak Hill Capital Partners funds is held through passive limited (and insulated) partnership interests held by numerous, primarily U.S.-based investors, including individuals, trusts, institutions and business entities. Control of these funds ultimately rests in U.S. entities or citizens.

#### B. Transferor – PC III CTH Holdings, L.P.

PC III Holdings was formed for the purpose of investments in Clarity Telecom Holdings, LLC ("Clarity Holdings"), a Delaware limited liability company and the direct parent of Clarity.

to the Python Transaction. The parties to the NTS Transaction have sought Commission approval for that transfer of control. *See* ECFS Confirmation No. 2019012833907254 (filed January 28, 2019); IBFS File Nos. ITC-T/C-INTR2019-00046 & ITC-T/C-INTR2019-00047 (filed January 28, 2019). Applicants respectfully request that the Commission consider this Application independently from the application submitted in connection with the NTS Transaction.

As part of the NTS Transaction, NTSI, NTS-Comm, PRIDE and XFone will convert to limited liability companies prior to closing. References herein to NTSI, NTS-Comm, PRIDE and XFone upon completion of the NTS Transaction should be construed as references to these entities as limited liability companies.

PC III Holdings is majority owned and controlled by funds and entities affiliated with Pamlico Capital. The current ownership of PC III Holdings is provided in Exhibits A and C.

#### C. Clarity Telecom, LLC

Clarity, headquartered in Sikeston, Missouri, provides telecommunications services in Minnesota and South Dakota doing business under the brand Vast Broadband. Clarity provides an array of communications, video and broadband services, including digital cable, high-speed Internet, and local and long distance phone services. Clarity is managed by a team of experienced telecommunications professionals who have operated cable television systems together for more than twenty years, providing video programming services and a suite of advanced communications services, including high-speed Internet access, digital voice, home monitoring, whole home solutions, and fiber optic transport connectivity.

The current and Post-NTS Transaction ownership of Clarity is set forth in Exhibits A and C.

#### D. NTS Licensees

The NTS Licensees are wholly owned subsidiaries of NTSI, a Nevada corporation with no operations or network assets of its own. NTSI's principal business is a holding and management company providing, through the NTS Licensees, integrated communications services which include voice, video, and data over its Fiber to the Premises ("FTTP") and other networks primarily in Louisiana and Texas.<sup>2</sup> Each of NTS-Comm and XFone is a wholly owned direct subsidiary of NTSI. NTS-Tel and PRIDE are wholly owned direct subsidiaries of NTS-Comm and thus wholly owned indirect subsidiaries of NTSI.

3

NTS Licensees also provide certain telecommunications services in Arizona, Mississippi, New Mexico and Oklahoma.

Currently, NTSI is a direct subsidiary of T3 North intermediate Holdings, Inc. Upon completion of the NTS Transaction, NTSI will be a direct, wholly owned subsidiary of Clarity which is why approval to transfer indirect control of the NTS Licensees to Transferee is being sought herein. The current ownership of NTS Licensees is set forth in Exhibits B and C.

#### II. <u>DESCRIPTION OF THE TRANSACTION</u>

Pursuant to an Agreement and Plan of Merger ("Agreement") dated as of December 24, 2018, a series of mergers and other transactions will result in Transferee directly or indirectly owning all of the issued and outstanding equity interests of Clarity Holdings. Upon completion of the Python Transaction, Clarity Holdings will be a wholly owned subsidiary of Transferee. Python Licensees will remain wholly owned subsidiaries of Clarity Holdings and will become indirect, wholly owned subsidiaries of Transferee.

Diagrams depicting the current, post-NTS Transaction and post-Python Transaction corporate ownership structures of Python Licensees are appended hereto as <u>Exhibit C</u>.

#### III. PUBLIC INTEREST CONSIDERATIONS

The Transaction will serve the public interest. The Transaction will have no adverse impact on the customers or operations of Python Licensees, as upon closing of the Python Transaction Python Licensees will continue to provide service at the same rates, terms, and conditions, as governed by existing contracts. The Python Transaction will be transparent to customers. The Python Licensee entities and service provider trade names will remain intact immediately upon closing, and the only change immediately following the closing from a customer's perspective will be the new ownership of Python Licensees. Additionally, Transferee expects that the Python Transaction will enable Python Licensees to access additional capital that will make them stronger competitors.

#### V. <u>INFORMATION REQUIRED BY SECTION 63.04</u>

Pursuant to Commission Rule 63.04(b), 47 C.F.R. § 63.04(b), Applicants submit the following information in support of their request for domestic Section 214 authority to transfer indirect control of Python Licensees to Transferee in order to address the requirements set forth in Section 63.04(a)(6)-(12) of the Commission's Rules:

- (a)(6) A description of the proposed Python Transaction is set forth in Section II above.
- (a)(7) (i) Collectively, Python Licensees provide intrastate and/or interstate telecommunications services in Arizona, Louisiana, Minnesota, Mississippi, New Mexico, Oklahoma, South Dakota and Texas.

Specifically, Clarity is authorized to provide competitive local exchange and/or interexchange in Minnesota and South Dakota. Clarity is also an incumbent local exchange carrier in South Dakota. Clarity holds a non-common carrier wireless license from the Commission (Call

Sign WQKD374). Clarity also operates cable systems in certain communities in Minnesota and South Dakota. In connection with its cable services Clarity holds C-Band receive-only earth station registrations for Vibor and Rapid City, SD (Call Signs E970192 and E180002, respectively).

NTS-Comm is authorized to provide facilities-based and/or resold telecommunications services in Arizona (interexchange only), New Mexico, Oklahoma (interexchange only), and Texas. NTS-Tel is authorized to provide facilities-based and resale telecommunications services in Texas. PRIDE is authorized to provide facilities-based and resold telecommunications services in Louisiana and Texas. XFone is authorized to provide competitive local exchange and resold interexchange telecommunications services in Louisiana and local exchange, interexchange and broadband services in Mississippi.

NTS-Comm, PRIDE and NTS-Tel also operate cable systems in certain communities in Louisiana or Texas. Specifically, NTS-Comm holds authorizations to provide state-wide video service in Texas and also in the City of Morton, Texas. PRIDE holds authorizations to provide state-wide video service in Louisiana and Texas. NTS-Tel holds an authorization to provide state-wide video service in Texas.

In connection with these cable services, NTS-Comm holds Cable Television Relay Service Authorizations under Call Signs WLY-648 and WHZ-407, various Antenna Structure Registrations, certain Cable Community Registrations, and applications pending for C-Band Receive-Only Earth Station Authorizations.

Finally, Clarity holds experimental radio license assigned Call Sign WJ2XED.

(ii) Transferee does not own or control a 10% or greater, direct or indirect interest in any domestic telecommunications carrier. To Transferee's knowledge, Transferee is not affiliated with any domestic telecommunications carriers through the persons or entities that own or control a 10% or greater, direct or indirect interest in Transferee.

- (a)(8) Applicants respectfully submit that this Application is eligible for streamlined processing pursuant to Sections 63.03 of the Commission's Rules, 47 C.F.R. §63.03. In particular, with respect to domestic authority, this Application is eligible for streamlined processing pursuant to Section 63.03(b)(2)(ii) because, immediately following the Python Transaction, (i) Transferee (and its Affiliates) will have a market share in the interstate, interexchange market of less than ten percent (10%), and (ii) Transferee (and its Affiliates) will provide competitive telephone exchange services or exchange access services (if at all) exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the transaction.
- (a)(9) Other than Clarity's non-common carrier wireless license and receive-only earth station licenses, Clarity's experimental radio license, and the Section 214 authorizations held by the Python Licensees described in this Application, Python Licensees do not hold any other authorizations or licensees from the Commission to provide telecommunications services. Clarity also holds various Cable Community Registrations. NTS-Comm also holds Cable Television Relay Service Authorizations under Call Signs WLY-648 and WHZ-407, various Antenna Structure Registrations, and certain Cable Community Registrations, and has applications pending for C-Band Receive-Only Earth Station Authorizations. A separate application will be filed in the CARS system with respect to the transfer of control of NTS-Comm's Cable Television Relay Service Authorizations.
- (a)(10) No party is requesting special consideration because it is facing imminent business failure.
