ANSWERS TO QUESTION 13

Provide in Attachment 1 a narrative of the means by which the proposed assignment or transfer of control will take place. In circumstances of a substantial assignment or transfer of control pursuant to Section 63.24(e), where the assignor seeks authority to assign only a portion of its U.S. international assets and/or customer base, please specify whether the assignor requests authority to continue to operate under any or all of its international Section 214 File Nos. after consummation; and, if so, please specify in Attachment 1 each File No. it seeks to retain in its own name.

See Narrative attached hereto as Exhibit 1.

ANSWER TO QUESTION 14

If the assignee is a foreign carrier or if, upon consummation of the proposed assignment or transfer of control, the Section 214 holder would be affiliated with a foreign carrier please specify in Attachment 1 each foreign country in which the assignee is a foreign carrier or in which the Section 214 holder, upon consummation, would be affiliated with a foreign carrier.

If the application is granted, transferee Telesat Corporation will be or will become affiliated with a foreign carrier, Infosat Communications LP, which is operating in Canada.

ANSWERS TO QUESTION 15

If this application is granted and the proposed assignment or transfer is consummated, would the Section 214 holder be authorized to provide service to any destination country for which any of the following statements is true?

- (1) The Section 214 holder is a foreign carrier in that country; or*
- (2) The Section 214 holder controls a foreign carrier in that country; or*
- (3) Any entity that owns more than 25 percent of the Section 214 holder, or that controls the Section 214 holder, controls a foreign carrier in that country.*
- (4) Two or more foreign carriers (or parties that control foreign carriers) own, in the aggregate, more than 25 percent of the Section 214 holder and are parties to, or the beneficiaries of, a contractual relation (e.g., a joint venture or market alliance) affecting the provision or marketing of international basic telecommunications services in the United States.*

If you answered "Yes" to this question, please specify in Attachment 1 each foreign carrier and country for which any of the above statements would be true.

Telesat Corporation will control the Section 214 holder and another carrier, Infosat Communications LP, operating in Canada.

ANSWER TO QUESTION 16

If you answered "Yes" to question 14, do you request classification of the Section 214 holder as a "non-dominant" carrier, upon consummation of the proposed transaction, between the United States and any or all countries listed in response to Question 14? See Section 63.10 of the rules. If you answered "Yes" to this question, you must provide information in Attachment 1 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules on each U.S.-destination country route where it would be a foreign carrier, or would be affiliated with a foreign carrier and for which you request non-dominant classification.

Non-dominant carrier classification is requested under 47 CFR §63.10(a)(4) as the Section 214 holder provides an international switched service solely through the resale of unaffiliated U.S. facilities-based international switched service.

REQUEST FOR STREAMLINED PROCESSING (Response to Question 20)

This application is eligible for streamlined processing under Section 63.12(c)(1)(iv) of the rules because the affiliated destination market, Canada, is a WTO member country and the proposed transferee, Telesat Corporation, qualifies for a presumption of non-dominance under Section 63.10(a)(iv) of the Commission's rules (*see* response above to Question 16).
