

## **ATTACHMENT TO NOTICE OF PRO FORMA TRANSFER OF CONTROL OF SECTION 214 AUTHORIZATION**

### **Description of Transfer of Control (Answer to Question 13)**

This notice of a pro forma transfer of control of the International Section 214 authorization held by Pacific Networks Corp. (File No. ITC-214-20090105-00006) is being filed with respect to the pro forma transfer of control of such authorization which was consummated on August 27, 2014. Because more than 30 days have passed since completion of the transfer, this notice is being filed on a *nunc pro tunc* basis.<sup>1</sup>

Such transfer of control resulted from a corporate restructuring of entities owned and/or controlled by CITIC Group Corporation, the ultimate parent entity of Pacific Networks Corp. Before that restructuring CITIC Group Corporation indirectly controlled more than 50% of the equity and voting power in Pacific Networks Corp.,<sup>2</sup> and after the restructuring CITIC Group Corporation continued to indirectly control more than 50% of the equity and voting power in Pacific Networks Corp. The transfer of control resulting from the restructuring was therefore pro forma.<sup>3</sup> A chart showing the ownership structure immediately following the restructuring is attached hereto as Exhibit A.

Notice of the pro forma transfer of control was not provided to the Commission in a timely manner due to an inadvertent oversight and there was clearly no attempt to deceive the Commission. Further details regarding the circumstances surrounding the restructuring and the resulting transfer of control are set forth in the Response to Order to Show Cause filed by Pacific Networks Corp. and ComNet (USA) LLC on June 1, 2020.<sup>4</sup>
