Re: Request for Temporary Authority to Operate as a Reseller of International Services

Dear Ms. Salas:

VoiceStream Wireless Corporation ("VoiceStream"), along with and on behalf of its wholly-owned subsidiaries¹, hereby requests temporary authority, pursuant to Section 214(a) of the Communications Act of 1934, as amended, 47 U.S.C. Section 214, to resell the services of other carriers to provide telecommunications services between the United States and various international points. Grant of the subject application is demonstrably in the public interest as it will allow a major wireless competitor to continue to provide a full array of complementary services that its customers need and desire.

VoiceStream Wireless Corporation is a Washington Corporation primarily engaged in acquiring, constructing and operating personal communications service ("PCS") systems and related telecommunications systems throughout the United States. VoiceStream holds its telecommunications assets through its direct wholly-owned subsidiary VoiceStream PCS Holding L.L.C. ("VoiceStream PCS Holding"), a Delaware limited liability company, and various wholly-owned subsidiaries of VoiceStream PCS Holding.

In May of 1999, VoiceStream was spun off from its parent company, Western Wireless Corporation, and became an independent publicly traded company. Through an administrative oversight, VoiceStream neglected to obtain the requisite Section 214 authority needed to provide subscribers with the capability of completing international calls from their wireless telephones. VoiceStream is filing, concurrently with this request, an application for permanent authority to

¹ Subsidiaries of VoiceStream include: VoiceStream PCS Holding L.L.C., VoiceStream PCS I License L.L.C., VoiceStream PCS II License Corporation, VoiceStream PCS III License Corporation, VoiceStream PCS BTA I License Corporation, VoiceStream SMR Corporation, VoiceStream PCS LMDS Corporation ("Subsidiaries").

operate as a reseller of international services. This application, which is incorporated herein by this reference, is subject to streamlined processing pursuant to Section 63.12 of the Commission's Rules.

VoiceStream is currently seeking Commission consent to mergers with Omnipoint Corporation ("Omnipoint") and Aerial Communications, Inc. ("Aerial") respectively, that will result in the creation of a nationwide GSM PCS network able to compete with national CDMA and TDMA networks.^{2/} Both Omnipoint and Aerial are authorized to operate as international resale carriers pursuant to Section 214 of the Act^{2/}, and it is anticipated that these authorizations will be transferred to the newly created parent company for the merged entities, VoiceStream Wireless Holding Corporation, following the closing. VoiceStream seeks temporary authority so that it may remain in compliance with Section 214 of the Act until the Commission acts upon the Section 214 application filed herewith.

For the foregoing reasons, VoiceStream submits that the public interest, convenience and necessity would be furthered by grant of VoiceStream's request for temporary authority to operate as an international resale carrier.

Please address any questions regarding this application to the undersigned counsel to VoiceStream.

Very truly yours,

Louis Gurman
