**SUPPLEMENT TO MOTION TO DISMISS**

GE American Communications, Inc. ("GE Americom") and STARSYS Global Positioning, Inc. ("STARSYS"), by their attorneys, hereby submit this supplement to their May 30, 1996 Motion to Dismiss the Emergency Petition for Declaratory Ruling ("Petition") filed May 17, 1996 by Leo One USA Corporation ("Leo One").

Leo One's entire Petition was premised on the fact that the acquisition by GE Americom of a controlling position in STARSYS had not yet closed. However, the acquisition, as approved by the International Bureau when it granted STARSYS's application for an NVNG MSS license (STARSYS Global Positioning, Inc., Order and Authorization, 11 FCC Rcd 1237 (Int'l Bur. 1995)), closed on Friday, June 7, 1996, and GE Americom has today advised the Commission of the consummation of the transaction. See attached.

In the Motion to Dismiss, GE Americom and STARSYS demonstrated that Leo One's Petition is procedurally defective because it is, in effect, an untimely application for review. Because Leo One's arguments were based on the fact that the transaction had not been consummated, and the parties have now closed, the Commission should dismiss the Petition on the additional and independent ground that it is moot.

Respectfully submitted,

GE AMERICAN COMMUNICATIONS, INC.

**Re: GE American Communications, Inc.; Consummation of Acquisition of Interest in STARSYS Global Positioning, Inc.; Starsys Global Positioning, Inc., Order and Authorization, 11 FCC Rcd 1237 (Int'l Bur. 1995).**

Dear Mr. Caton:

On behalf of GE American Communications, Inc. ("GE Americom"), notification is hereby provided of consummation on June 7, 1996, of the acquisition by GE Americom of an 80% interest in STARSYS as approved by the Commission in Starsys Global Positioning, Inc., Order and Authorization, 11 FCC Rcd 1237 (Int'l Bur. 1995).

If you have any questions, please contact the undersigned.

Sincerely,

  
Peter A. Rohrbach
