**REQUEST FOR EXTENSION OF TIME TO RESPOND TO
MOTION TO DISMISS**

Received

SEP 19 1996

Satellite Policy Branch
International Bureau

Final Analysis Communication Services, Inc. ("Final Analysis"), through its attorneys, hereby requests an extension of time in which to respond to Leo One USA Corporation's ("Leo One") Motion to Dismiss filed September 4, 1996 against Final Analysis's August 19, 1996 Amendment to its pending second round NVNG MSS application.

Subsequent to the filing of Leo One's Motion, the Commission placed Final Analysis's Amendment on Public Notice (File No. 151-SAT-AMEND-96, Public Notice Report No. SPB-58, September 12, 1996). Therefore, other parties may comment on Final Analysis's Amendment at a later date.

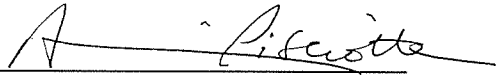

Final Analysis would like the opportunity to respond to all comments on its Amendment at one time on a consolidated basis. Final Analysis respectfully submits that this approach also would help conserve Commission staff resources by reducing the number of pleadings to be reviewed in this matter.

Additionally, as Final Analysis's Amendment now has been placed on Public Notice, Final Analysis does not believe that this approach would in any way prejudice the interests of Leo One or any other parties, and no delay is created overall.¹

Accordingly, Final Analysis hereby requests the International Bureau to grant its request for an extension of time to file its opposition to Leo One's Motion to Dismiss at the same time, and on a consolidated basis with, its response to any other comments that may be filed on the Final Analysis Amendment at the close of the Public Notice period.

Respectfully submitted,

FINAL ANALYSIS COMMUNICATION
SERVICES, INC.
