**Re: Correction of Applicant Name
FCC Form 312 - Space Station Amendment
Space Station Call Sign S2415
FCC File No. SAT-AMD-20040429-00087**

Dear Ms. Dortch:

Columbia Communications Corporation ("Columbia"), by its attorneys, hereby requests correction of the applicant name and applicant's FRN with respect to the above-referenced space station amendment application.

This application amends Columbia's May 10, 2002 modification application - FCC File No. SAT-MOD-20020517-00078 ("the Application"). Columbia recently learned that there were typographical errors in the FCC Form 312 for the application with respect to the applicant name and associated FRN. Specifically, the Application incorrectly identifies the applicant as SES Americom, Inc., Columbia's parent company. The correct applicant and associated FRN for this application is Columbia Communications Corporation (FRN: 0005-8287-69).

Columbia requests that the Commission revise the pending Application to reflect Columbia as the applicant. Furthermore, we request that the Commission revise the FRN associated with the Application. Please address any questions regarding this matter to the undersigned.
