Dear Ms. Dortch:

This letter is submitted on behalf of EchoStar Corporation (“EchoStar”) in connection with EchoStar’s proposed satellite networks USABSN-9A at 107° W.L., USABSN-10A at 110.4° W.L., USABSN-15 at 75° W.L., USABSN-16 at 62.15° W.L., and USABSN-21 at 79° W.L. See SAT-AMD-20080213-00043 (filed Feb. 13, 2008), SAT-AMD-20080213-00042 (filed Feb. 13, 2008), SAT-AMD-20080213-00045 (filed Feb. 13, 2008), SAT-AMD-20080114-00021 (filed Jan. 14, 2008), SAT-AMD-20080213-00044 (filed Feb. 13, 2008).¹

EchoStar is aware that as a result of the actions taken at the 1998 Plenipotentiary Conference, processing fees will now be charged by the International Telecommunication Union (“ITU”) for satellite network filings. As a consequence, Commission applicants are responsible for any and all fees charged

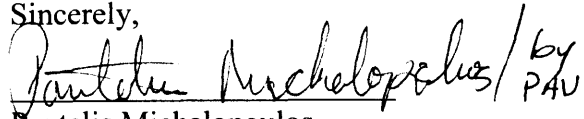

¹ EchoStar previously filed a letter accepting the ITU costs associated with these networks on February 5, 2008. Subsequently, EchoStar amended four of the applications identified in the February 5 letter. On March 13, 2008, EchoStar submitted revised ITU information associated with USABSN-9A and USABSN-15 and submitted a revised cost recovery letter for these two networks on April 11, 2008. In response to a request from FCC staff, we are submitting this revised cost recovery letter identifying the most current FCC file numbers associated with each satellite network.

by the ITU. EchoStar hereby states that it is aware of and unconditionally accepts this requirement and its responsibility to pay any ITU cost recovery fees associated with the aforementioned ITU filing in a timely manner. In addition, all correspondence with EchoStar regarding ITU cost recovery issues should be directed to the undersigned.

Please feel free to contact me with any questions regarding this submission.

Sincerely,

Handwritten signature of Pantelis Michalopoulos in cursive script, followed by a slash and the initials "by PAU".

Pantelis Michalopoulos
