Dear Ms. Dortch:

SkyTerra Subsidiary LLC (“SkyTerra”) hereby files this erratum to correct footnote 24 of the narrative description submitted with the above-referenced applications. The footnote, as corrected, should read as follows:

The definition of “Navigable Waterways,” as specified in the coordination agreement, is provided in Attachment 1. The listing of U.S. commercial ports continues to be discussed with the United States Coast Guard (USCG) and may be modified.

For the convenience of the Commission, SkyTerra is also attaching the corrected narrative description in its entirety and requests that the Commission replace the originally filed narrative description with the corrected version.

Please contact the undersigned if you have any questions.
