	)	Call Sign S2892
To Application for Authority to Operate the	)	
SES-3 Replacement Satellite at 103° W.L.	)	

*Expedited Action Requested*

**AMENDMENT**

SES Americom, Inc. (“SES Americom,” doing business as “SES”), hereby amends its above-captioned request for authority to operate the in-orbit SES-3 satellite in the conventional C- and Ku-band frequencies at 103° W.L. (the “SES-3 Application”) in order to correct a table provided in the Technical Appendix.

Specifically, the table that was submitted in Section 2.3 of the Technical Appendix for the SES-3 Application, which provided the expressions for the spacecraft’s saturation flux density values, contained inadvertent errors. SES hereby replaces that table with the following corrected table:

C-band:	$SFD = -94 - (G/T) + \text{Transponder Gain Setting}$	$\text{dBW/m}^2$
Ku-band:	$SFD = -96 - (G/T) + \text{Transponder Gain Setting}$	$\text{dBW/m}^2$
17/24 GHz band:	$SFD = -107 - (G/T) + \text{Transponder Gain Setting}$	$\text{dBW/m}^2$

SES also takes this opportunity to provide an updated Exhibit B, which provides a list of stockholders, officers and directors for SES. With the exception of the amended table and updated Exhibit B, all other information submitted with the SES-3 Application is unchanged.

SES requests expedited Commission action on the SES-3 Application as amended in order to facilitate service continuity at the 103° W.L. orbital location.

Respectfully submitted,

SES AMERICOM, INC.
