

**ViaSat, Inc.**  
**IBFS File No. SAT-MOD-20141105-00121; Call Sign S2902**

**Description of Amendment**

ViaSat, Inc. (“ViaSat”) submits a revised form Schedule S clarifying that the nature of service for which authority is sought is Fixed Satellite Service. All other entries in the Schedule S remain unchanged from that included in the above-referenced modification application.

ViaSat also provides the maximum saturation flux density in accordance with Section 25.114(c)(4)(v) of the Commission’s rules:

Beam ID	Max Saturation Flux Density
RXA	-85 dBW/m2
RXAL	-85 dBW/m2
RXB	-85 dBW/m2
RXBL	-85 dBW/m2
UPAT	-95 dBW/m2
CUR	-95 dBW/m2
OMN	-80 dBW/m2
