In the Matter of

Intelsat License LLC

Application to Modify Authorization for  
Intelsat 805 (S2404)

File No. SAT-MOD-20151020-00072

**AMENDMENT TO APPLICATION OF INTELSAT LICENSE LLC  
TO MODIFY AUTHORIZATION FOR INTELSAT 805**

Intelsat License LLC (“Intelsat”), pursuant to Section 25.116 of the rules of the Federal Communications Commission (“Commission” or “FCC”), 47 C.F.R. § 25.116, hereby amends its pending application to modify the authorization for Intelsat 805 (Call Sign S2404) to allow the satellite to relocate to, and operate at, 169.0° E.L., to extend the license term, and to extend all previously granted waivers, through December 31, 2019 (“Application”).<sup>1</sup>

Specifically, Intelsat herein corrects a beam name in the Engineering Statement and adds that beam to Schedule S. The beam name SID mistakenly appears twice in the Engineering Statement originally filed with the Application. In one of those instances -- on page 11, in the telemetry chart -- the beam name should be BNK. Additionally, the beam BNK was missing from Schedule S. For the Commission’s convenience, Intelsat supplies herewith a corrected Engineering Statement and a corrected Schedule S.

---

<sup>1</sup> See Application of Intelsat License LLC to Modify Authorization, File No. SAT-MOD-20151020-00072 (filed Oct. 20, 2015).

In accordance with the requirements of the Commission's rules,<sup>2</sup> this amendment has been filed electronically as an attachment to FCC Form 312.

Based on the foregoing, Intelsat respectfully requests that the Commission grant this amendment application.

Respectfully submitted,

/s/ Susan H. Crandall  
Susan H. Crandall
