Re: **Modification of Grant of U.S. Market Access**

00026, and SAT-AMD-20171109-00154

Dear Ms. Dortch:

The above-referenced Modification of Grant of U.S. Market Access authorizes O3b Limited ("O3b") to add 26 additional space stations to its constellation of 16 space stations. A condition of the authorization requires O3b to file with the FCC evidence that launch and space operations have been authorized under the UK's Outer Space Act.

In satisfaction of this condition for its upcoming launch of four additional satellites, O3b submits the attached four Space Activity Licenses ("Licenses") issued pursuant to the UK's Outer Space Act and dated 2 April 2019. O3b has redacted part of Section 6.2 of the Licenses because it contains commercially sensitive information relating to O3b's insurance.

Respectfully submitted,

/s/ Suzanne Malloy
