Subject: ITU Cost Recovery Declaration and Filing Information for Karousel
Re: IBFS File Nos. SAT-LOA-20161115-00113 and SAT-AMD-20180801-00058

Dear Ms. Dortch,

Karousel Satellite LLC (“Karousel”) previously submitted its International Telecommunication Union (“ITU”) cost recovery declaration and coordination request for the Karousel satellite network, USASAT-NGSO-6.¹ For completeness and to ease radiofrequency coordination efforts, it now formally resubmits these details.

The ITU assesses fees for processing ITU satellite network filings because of ITU Council actions at the 1998 ITU Plenipotentiary Conference and subsequent conferences.² Federal Communications Commission satellite licensees, therefore, remain responsible for any and all fees the ITU charges.³ Karousel understands this requirement and unconditionally accepts all cost recovery responsibilities associated with the ITU filings for USASAT-NGSO-6. Please address all related correspondence to the following contact.
