

RESPONSE TO QUESTIONS 29-33: Alien Ownership
RESPONSE TO QUESTION 39: Stockholders Owning
More Than 10% and Officers and Directors

In response to Questions 30 and 31 of Form 312, Telesat LEO U.S. Inc. is organized under the laws of Delaware. In response to Question 39, Telesat LEO U.S. Inc. is an indirect, wholly-owned subsidiary of Telesat Corporation, which is organized under the laws of Canada.

Questions 32 and 33 of Form 312 ask whether the Applicant is: (1) a corporation of which more than 20 percent of the capital stock is owned of record or voted by aliens or their representatives or by a foreign government or representative thereof or by any corporation organized under the laws of a foreign country; or (2) directly or indirectly controlled by a corporation of which more than 25 percent of the capital stock is owned of record or voted by aliens or their representatives or by a foreign government or representative thereof or by any corporation organized under the laws of a foreign country. These questions are intended to ascertain whether the applicant complies with Sections 310(b)(3) and 310(b)(4) of the Communications Act, which establish limits on foreign ownership of the licensees of broadcast, common carrier, aeronautical *en route*, and aeronautical fixed stations. Sections 310(b)(3) and 310(b)(4) are inapplicable to the proposed satellite constellation, because the satellite constellation is not an aeronautical *en route* or aeronautical fixed station and the applicant does not propose to provide broadcast or common carrier service via the satellite constellation.

Officers of Telesat LEO U.S. Inc.

Stefano Taucer, Secretary

Directors of Telesat LEO U.S. Inc.
