Re: SkyTerra Communications, Inc., Licensee of Satellite Space Station S2663
IBFS File No. SAT-ASG-20050826-00168
Request for Extension of Time to File Notice of Consummation

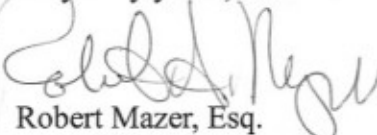

Dear Ms. Dortch:

On behalf of SkyTerra Holdings, Inc. ("SkyTerra Holdings") and SkyTerra Communications, Inc. ("SkyTerra" and together with SkyTerra Holdings, the "Applicants"), the parties to an application ("Application") to assign satellite space station license S2663 ("License") from SkyTerra to SkyTerra Holdings, this letter requests an additional 90 days, until February 7, 2006, to consummate the *pro forma* assignment.

On September 7, 2005, the Federal Communications Commission ("FCC" or "Commission") consented to the *pro forma* assignment of the License. Pursuant to Section 25.119(f) of the Commission's rules, assignments must be completed within 60 days from the date of authorization. However, due to business circumstances unrelated to the transaction, the Applicants require additional time to consummate the transaction described in the Application. Accordingly, the Applicants respectfully request an additional 90 days to consummate the assignment as described in the Application.

Should you have any questions concerning this matter, please contact the undersigned.

Very truly yours,

Robert Mazer, Esq.
