REPLY TO CONSOLIDATED OPPOSITION TO
PETITIONS FOR RECONSIDERATION

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF SECRETARY

AMSC Subsidiary Corporation ("AMSC") hereby replies to the opposition filed by TRW Inc. ("TRW") in response to AMSC's Petition for Reconsideration of the Commission's order granting TRW's above-referenced application. Order and Authorization, DA 95-130 (January 31, 1995).

In its Petition for Reconsideration, AMSC asked the Commission to clarify that grant of the license to TRW would be conditioned on the outcome of the rulemaking in the proceeding, which was itself subject to reconsideration at the time the Commission granted TRW's license. Report and Order, CC Docket No. 92-166, FCC 94-261, 9 FCC Rcd 5936 (1994). AMSC is seeking reconsideration of the rulemaking on a number of grounds, including the Commission's exclusion of systems using geostationary satellites. AMSC Petition for Reconsideration, CC Docket No. 92-166 (November 21, 1994), at 8-11.

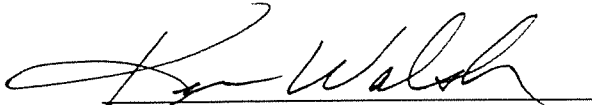

TRW opposes AMSC's Petition for Reconsideration of its grant, arguing that it should not be "held hostage" to the future actions of those who pursued their rights in the rulemaking.

AMSC is not attempting to hold TRW "hostage." AMSC did not oppose the grant of TRW's application and AMSC does not oppose TRW's going forward with the construction of its system, subject only to whatever modifications might be mandated by the ultimate outcome of

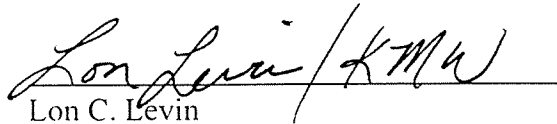

.the rulemaking. AMSC is merely asking the Commission to clarify that whatever rights TRW has as a result of the grant of its application those rights are subject to the outcome of the underlying rulemaking, which is not yet complete.

Respectfully submitted,

AMSC SUBSIDIARY CORPORATION
