MOTION FOR EXTENSION OF TIME

TRW Inc. ("TRW"), by its attorneys and pursuant to Section 1.46 of the Commission's rules, 47 C.F.R. § 1.46 (1995), hereby requests that the Commission grant a one-week extension of time, until February 11, 1997, for the filing of replies to the Consolidated Opposition of Constellation Communications, Inc. ("Constellation Opposition") filed by Constellation on January 23, 1997 in the above-captioned proceeding. Counsel for all parties of record in this proceeding have consented to the extension requested by TRW herein.

Constellation amended the above-referenced application on September 16, 1996, and a Public Notice announcing the acceptance of that amendment for filing was issued by the Commission on November 27, 1996 (Report No. SPB-69). Between December 24 and 27, 1996, TRW, L/Q Licensee, Inc. and Motorola Satellite Communications, Inc. filed petitions to dismiss or deny Constellation's application. Because the Constellation Opposition was filed on January 23, 1997 — pursuant to a two-week extension of time granted to Constellation by the Satellite and Radiocommunication Division — replies to that Opposition would normally be due on February 4, 1997. See 47 C.F.R. §§ 25.154(d), 1.4 (1995).

The Constellation Opposition contains numerous points that must be addressed in detail,

including many new documents regarding Constellation's application that have never previously been submitted to the Commission or made available for public review. TRW believes that grant of the requested one-week extension of time will serve the public interest by enabling the Commission to compile a complete record with which to evaluate Constellation's pending application. TRW also believes that grant of the instant motion will have no significant impact on any of the other parties to this proceeding.

For the foregoing reasons, TRW requests an extension of time until February 11, 1997, for the filing of replies to the Constellation Opposition.

Respectfully submitted,

TRW Inc.
