Section 25.142(e) Report

Constellation Communications Holdings, Inc. ("CCHI") submits the following information current as of May 31, 2001.

1. Status of Satellite Construction/Launch Dates

In June 1998, CCHI's affiliate CCI International, N.V. entered into a satellite construction contract and launch agreement with Orbital Sciences Corporation which satisfied the first milestone in CCHI's license. This satellite construction agreement remains in effect. 3. Utilization of In-Orbit System

Not Applicable – CCHI space stations have not yet been launched.

4. Space Stations Not Available for Service

Not Applicable – CCHI space stations have not yet been launched.
