Attention:

Mr. Scott B. Tollefsen

SAT-LOA-ZOO31218-00338 Grant Date

# Attachment Terms and Conditions of Authorization July 13, 2004

- 1. SES Americom, Inc.'s ("SES Americom") application, SAT-LOA-20031218-00358, Call Sign S2610, IS GRANTED and SES Americom is authorized to launch and operate its Americom-23 ("AMC-23") hybrid C/Ku/Extended Ku-Band satellite at the 172° E.L. orbital location in the 3700-4200 MHz, 5925-6425 MHz, 10.95-11.2 GHz, 11.45-11.7 GHz, 12.2-12.75 GHz, and 14.-14.5 GHz frequency bands in accordance with the terms, conditions, and technical specifications set forth in its application, this Attachment, and the Commission's Rules.
- 2. AMC-23 must be constructed, launched, and placed into operation in accordance with the technical parameters and terms and conditions of this authorization by these specified time periods following the date of authorization:
  - a. Execute a binding contract for construction within one year (July 14, 2005);
  - b. Complete the Critical Design Review within two years (July 14, 2006);
  - c. Commence construction within three years (July 14, 2007);
  - d. Launch and begin operations within five years (July 14, 2009); and
  - e. SES Americom must file a bond with the Commission in the amount of \$3 million, pursuant to the procedures set forth in Public Notice, DA 03-2602, 18 FCC Rcd 16283 (2003), within 30 days of the date of this grant (August 12, 2004).<sup>1</sup>

Failure to meet any of these dates shall render this authorization null and void.

3. We GRANT SES Americom's request for a waiver of the cross-polarization isolation requirements, contained in Section 25.210 (i) of the Commission's rules. In its application, SES Americom states that the AMC-23's C-band antenna will achieve a cross-polarization isolation of only 27 dB in certain service areas, and AMC-23's Ku-band antennas, will achieve cross-polarization isolation values ranging between 29 dB and 30 dB. Although AMC-23 does not fully conform to the standard set forth in Section 25.210(i) of the Commission's Rules we agree with SES Americom's

In light of the Commission's recent decision to revise the bond amounts to \$3 million for geostationary satellite orbit space stations, we will only require SES Americom to post a \$3 million bond. Amendment of the Commission's Space Station Licensing Rules and Policies, *First Order on Reconsideration and Fifth Report and Order*, IB Docket No. 02-34, FCC 04-147 (rel. July 6, 2004). In the event that the revised bond amounts have not become effective when SES Americom's bond is due, we waive Section 25.165 of the Commission's rules to the extent necessary.

assertions that failure to meet the cross-polarization isolation requirements will not adversely impact any other operator, and that the only party to suffer an increase in interference would be SES Americom itself. Grant of the waiver will serve the public interest by permitting SES Americom to optimize the design of the AMC-23 spacecraft without unduly adding to its weight, complexity or cost, and is consistent with previous Commission actions. See, e.g., New Skies Satellites N.V., Petition for Declaratory Ruling, Order, DA 02-1256, 17 FCC Rcd. 10,369, para 19 (2002).

- 4. SES Americom's request for waiver of Section 25.210(f) of the Commission's Rules is DISMISSED as MOOT. We have reviewed the application and find that the AMC-23 satellite conforms to the full frequency reuse requirements of the Commission's Rules through its use of dual orthogonal polarizations and geographically diverse beams.
- 5. SES Americom may only provide downlink services into the United States and its possessions in the 10.95-11.2 GHz or 11.45-11.7 GHz frequency bands if the corresponding uplinks originate outside of the United States and its possessions.
- 6. SES Americom may not provide downlink services into the United States and its possessions in the 12.2-12.75 GHz frequency band.
- 7. SES Americom is authorized to provide direct-to-home services over the AMC-23 satellite in accordance with SES Americom, Inc., Applications for Modification of Fixed-Satellite Service Space Station Licenses, *Order and Authorization*, 18 FCC Rcd 16589 (2003).
- 8. SES Americom shall prepare the necessary information, as may be required, for submission to the International Telecommunication Union ("ITU") to initiate and complete the advance publication, international coordination, due diligence, and notification process of this space station, in accordance with the ITU Radio Regulations. SES Americom shall be held responsible for all cost recovery fees associated with these ITU filings. We also note that no protection from interference caused by radio stations authorized by other administrations is guaranteed unless coordination and notification procedures are timely completed or, with respect to individual administrations, by successfully completing coordination agreements. Any radio station authorization for which coordination has not been completed may be subject to additional terms and conditions as required to effect coordination of the frequency assignments of other administrations. See 47 C.F.R. § 25.111(b).
  - 9. In order to ensure continuity of service at the 172° E.L. orbital location, SES Americom must begin providing service at the 172° E.L. orbital location before the satellite it is replacing discontinues service at the 172° E.L. orbital location.

- 10. The license term for the AMC-23 satellite, Call Sign S2610, is fifteen years and will begin to run on the date that SES Americom certifies to the Commission that the satellite has been successfully placed into orbit and its operation fully conforms to the terms and conditions of this authorization.
- 11. SES Americom must provide a written statement to the Commission within 60 days of the date of this grant that identifies any known satellites located at, or planned to be located at, SES Americom's assigned orbital location, or assigned in the vicinity of that location such that the station-keeping volume of the respective satellites might overlap, and that states the measures that will be taken to prevent in-orbit collisions with such satellites. This statement should address any licensed FCC systems, or any systems applied for and under consideration by the FCC. The statement need not address every filing with the ITU that meets these criteria, but should assess and address any systems reflected in ITU filings that are in operation or that SES American believes may be progressing toward launch, e.g., by the appearance of the system on a launch vehicle manifest. If SES Americom elects to rely on coordination with other operators to prevent in-orbit collisions, it shall provide a statement as to the manner in which such coordination will be effected.
- 12. SES Americom is afforded thirty days from the date of adoption of this grant and authorization to decline this authorization as conditioned. Failure to respond within this period will constitute formal acceptance of the authorization as conditioned.
- 13. This grant is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective upon adoption. Petitions for reconsideration under Section 1.106 or applications for review under Section 1.115 of the Commission's rules, 47 C.F.R. §§ 1.106, 1.115, may be filed within 30 days of the date of the public notice indicating that this action was taken.

c.Other (Please specify upper and lower frequencies in MHz.)	
Frequency Lower: Frequency Upper: (Please specify addit	cional frequencies in an attachment)

#### TYPE OF STATION

THEOFSTATION
25. CLASS OF STATION: Choose the button next to the class of station that applies. Choose only one.  (N/A) a. Fixed Earth Station (N/A) b. Temporary—Fixed Earth Station (N/A) c. 12/14 GHz VSAT Network (N/A) d. Mobile Earth Station
<ul> <li>e. Geostationary Space Station.</li> <li>Number of Satellites: 1 (Note: Please fill in the number of satellites for GSO license applications</li> <li>ONLY. Otherwise, leave blank.)</li> <li>f. Non-Geostationary Space Station</li> <li>g. Other (please specify)</li> </ul>
26. TYPE OF EARTH STATION FACILITY: Not Applicable
PURPOSE OF MODIFICATION
27. The purpose of this proposed modification is to: (Place an "X" in the box(es) next to all that apply.)
ENVIRONMENTAL POLICY
28. Would a Commission grant of any proposal in this application or amendment have a significant environmental impact as defined by 47 CFR 1.1307? If YES, submit the statement as required by Sections 1.1308 and 1.1311 of the Commission's rules, 47 C.F.R. §§ 1.1308 and 1.1311, as an exhibit to this application. A Radiation Hazard Study must accompany all applications for new transmitting facilities, major modifications, or major amendments.
ALIEN OWNERSHIP
Earth station applicants not proposing to provide broadcast, common carrier, aeronautical en route or aeronautical fixed radio station

services are not required to respond to Items 30-34.

29. Is the applicant a foreign government or the representative of any foreign government?	♥ Yes ♥ No ♥ N/A
30. Is the applicant an alien or the representative of an alien?	O Yes O No O N/A
31. Is the applicant a corporation organized under the laws of any foreign government?	O Yes ⊗ No O N/A
32. Is the applicant a corporation of which more than one—fifth of the capital stock is owned of record or voted by aliens or their representatives or by a foreign government or representative thereof or by any corporation organized under the laws of a foreign country?	♥ Yes ♥ No ♥ N/A
33. Is the applicant a corporation directly or indirectly controlled by any other corporation of which more than one-fourth of the capital stock is owned of record or voted by aliens, their representatives, or by a foreign government or representative thereof or by any corporation organized under the laws of a foreign country?	Yes No N/A
34. If any answer to questions 29, 30, 31, 32 and/or 33 is Yes, attach as an exhibit an identification of the aliens or foreign entities, their nationality, their relationship to the applicant, and the percentage of stock they own or vote.	Att. A

BASIC QUALIFICATIONS

35. Does the Applicant request any waivers or exemptions from any of the Commission's Rules? If Yes, attach as an exhibit, copies of the requests for waivers or exceptions with supporting documents.	Yes No Waiver Req
36. Has the applicant or any party to this application or amendment had any FCC station authorization or license revoked or had any application for an initial, modification or renewal of FCC station authorization, license, or construction permit denied by the Commission? If Yes, attach as an exhibit, an explination of circumstances.	O Yes O No
37. Has the applicant, or any party to this application or amendment, or any party directly or indirectly controlling the applicant ever been convicted of a felony by any state or federal court? If Yes, attach as an exhibit, an explination of circumstances.	O Yes O No
38. Has any court finally adjudged the applicant, or any person directly or indirectly controlling the applicant, guilty of unlawfully monopolizing or attempting unlawfully to monopolize radio communication, directly or indirectly, through control of manufacture or sale of radio apparatus, exclusive traffic arrangement or any other means or unfair methods of competition? If Yes, attach as an exhibit, an explanation of circumstances	O Yes O No
39. Is the applicant, or any person directly or indirectly controlling the applicant, currently a party in any pending matter referred to in the preceding two items? If yes, attach as an exhinit, an explanation of the circumstances.	O Yes 🚳 No

40. If the applicant is a corporation and is applying for a space station license, attach as an exhibit the names, address, and citizenship of those stockholders owning a record and/or voting 10 percent or more of the Filer's voting stock and the percentages so held. In the case of fiduciary control, indicate the beneficiary(ies) or class of beneficiaries. Also list the names and addresses of the officers and directors of the Filer.	Att.	В		
41. By checking Yes, the undersigned certifies, that neither applicant nor any other party to the application is subject to a denial of Federal benefits that includes FCC benefits pursuant to Section 5301 of the Anti-Drug Act of 1988, 21 U.S.C. Section 862, because of a conviction for possession or distribution of a controlled substance. See 47 CFR 1.2002(b) for the meaning of " party to the application" for these purposes.	•	Yes	0	No
42a. Does the applicant intend to use a non-U.S. licensed satellite to provide service in the United States? If Yes, answer 42b and attach an exhibit providing the information specified in 47 C.F.R. 25.137, as appropriate. If No, proceed to question 43.	0	Yes	•	No
42b. What administration has licensed or is in the process of licensing the space station? If no license will be issued, what administration has coordinated or is in the process of coordinating the space station?				

43. Description. (Summarize the nature of the application and the services to be provided). (If the complete description does not appear in this box, please go to the end of the form to view it in its entirety.)

SES AMERICOM, Inc. requests authority to launch and operate a replacement satellite for Satcom SN-4 at 172 deg. E.L., to be designated AMC-23.

Att. 1

## CERTIFICATION

The Applicant waives any claim to the use of any particular frequency or of the electromagnetic spectrum as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise, and requests an authorization in accordance with this application. The applicant certifies that grant of this application would not cause the applicant to be in violation of the spectrum aggregation limit in 47 CFR Part 20. All statements made in exhibits are a material part hereof and are incorporated herein as if set out in full in this application. The undersigned, individually and for the applicant, hereby certifies that all statements made in this application and in all attached exhibits are true, complete and correct to the best of his or her knowledge and belief, and are made in good faith.

true, complete and correct to the best of his of her	nowledge and benef, and are made in good faith.

#### FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to jboley@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060–0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104–13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.
