Re: ViaSat, Inc. Satellite Authorization for the Nominal 77° W.L. Orbital Location
Call Sign S2737, FCC File Nos. SAT-LOA-20070314-00051; SAT-MOD-20071204-
00168; SAT-MOD-20080718-00144; SAT-AMD-20081203-00220; SAT-MOD-
20091127-00129; SAT-MOD-20100714-00159

Dear Ms. Dortch:

ViaSat, Inc. ("ViaSat") hereby tenders for cancellation the above-referenced authorization to launch and operate a Ka band geostationary satellite at the nominal 77° W.L. orbital location. ViaSat anticipates being able to implement additional Ka band broadband spacecraft to serve the United States once the current regulatory uncertainty regarding the role of satellite broadband in universal service reform is favorably resolved.

The cancellation of ViaSat's 77° W.L. authorization renders moot ViaSat's application for milestone modification. Therefore, ViaSat is also withdrawing the pending application FCC File Nos. SAT-MOD-20100714-00159, SAT-MOD-20100714-00158.

If you have any questions regarding this submission, please contact the undersigned.

Respectfully submitted,

/s/ John P. Janka
