Subject: Contract Intelsat 20 (IS-20) Spacecraft; Status of Spacecraft Construction

Dear Mr. Froeliger:

This letter is provided to Intelsat LLC to summarize the current progress of construction of the Intelsat 20 Spacecraft.

1. The Spacecraft Critical Design Review was completed on 8 June 2010.
2. The Spacecraft construction is well underway, and satellite thermal vacuum tests, including the post test data review, were successfully completed on 11 October 2011.
3. Preparations for satellite dynamics tests are underway and expected to be complete by early December 2011.

The Spacecraft is planned to be launched on an Ariane 5 Launch Vehicle in the second or third quarter of 2012.

The undersigned hereby certifies that all of the above statements are true and correct.

A handwritten signature in black ink, appearing to read "David J. Kim", written over a light gray rectangular background.
