Re: Notice of Results of In-Orbit Testing and Arrival On-Station of Intelsat 29e
Call Sign S2913; File No. SAT-LOA-20130722-00097

Dear Ms. Dortch:

Intelsat License LLC (“Intelsat”), in accordance with the Federal Communication Commission’s (“Commission”) rules,¹ hereby notifies the Commission that the in-orbit testing (“IOT”) of Intelsat 29e was completed on March 18, 2016 and that the satellite arrived on-station at its licensed orbital location of 50.0° W.L on March 21, 2016. Intelsat also certifies that Intelsat 29e’s operational performance is consistent with its license,² and that the satellite is capable of using all of its assigned frequencies.

In addition, Intelsat requests a determination from the Commission that the last milestone for the Intelsat 29e satellite, requiring launch and operation of the satellite, has been satisfied and, as a result, Intelsat may release the bond for Intelsat 29e.

Sincerely,

Susan H. Crandall
Associate General Counsel
Intelsat Corporation
