Attention:	Jonathan Rosenblatt		

Spire Global, Inc.
IBFS File No. SAT-LOA-20151123-00078
Call Sign: S2946

The application of Spire Global, Inc. (Spire), IBFS File No. SAT-LOA-20151123-00078, for authority to construct, deploy, and operate a constellation of up to 175 technically identical non-geostationary satellites (Call Sign S2946), is GRANTED IN PART AND DEFERRED IN PART.¹ Specifically, Spire is authorized to construct nine technically identical satellites with transmitting equipment in the 2020-2025 MHz frequency band, and transmitting and receiving equipment in the 402-403 MHz band, to deploy the satellites at orbital altitudes at or below 435 km, either from the International Space Station (ISS) at 51.6 degrees inclination, or from the Cygnus cargo capsule when sufficiently separated from the ISS, and to conduct maritime monitoring, meteorological monitoring and earth imaging operations using the 2020-2025 MHz frequency band (space-to-Earth) and the 402-403 MHz frequency band (Earth-to-space and space-to-Earth, for telemetry, tracking and command functions). Spire is also authorized to operate an emergency back-up downlink in the 402-403 MHz frequency band. In addition, these nine satellites will also receive Automatic Identification System (AIS) signals centered at 161.975 MHz and 162.025 frequency bands, and GPS signals centered at 1575.42 MHz and 1227.60 MHz. We defer action on the remainder of Spire's application. Operations under this grant of authority must be in accordance with the terms, conditions, and technical specifications set forth in Spire's application and the Federal Communications Commission's rules, and are subject to the following conditions:

1. Spire must prepare the necessary information, as may be required, for submission to the International Telecommunication Union (ITU) to initiate and complete the advance publication, international coordination, due diligence, and notification process for these space stations, in accordance with the ITU Radio Regulations. Spire will be held responsible for all cost-recovery fees associated with ITU filings. No protection from interference caused by radio stations authorized by other administrations is guaranteed unless coordination and notification procedures are timely completed or, with respect to individual administrations, by successfully completing coordination agreements. Any radio station authorization for which coordination has not been completed may be subject to additional terms and conditions as required to effect coordination of the frequency assignments of other administrations. *See* 47 C.F.R. § 25.111(b).

2. Spire's request for a waiver of the United States Table of Frequency Allocations, 47 C.F.R. § 2.106, is GRANTED. Operations in the 402-403 MHz frequency band (Earth-to-space and space-to-Earth) and the 2020-2025 MHz frequency band (space-to-Earth) must be on a non-conforming, non-harmful interference basis. Spire must immediately terminate non-conforming operations upon notification of harmful interference.

3. Spire must maintain a U.S. point of contact available by telephone 24 hours per day, seven days per week, with the authority and ability to terminate operations authorized herein. The telephone number for this U.S. point of contact must be provided to NTIA (bmitchell@ntia.doc.gov) and DOC/NOAA (alfredo.mistichelli@noaa.gov).

4. Based upon information provided by the National Telecommunication and Information Administration as part of the frequency coordination process, future non-federal licenses for additional

¹ The application was placed on Public Notice as accepted for filing on January 22, 2016. *See Policy Branch Information, Satellite Space Applications Accepted for Filing*, Public Notice, Report No. SAT- 01130 (IBFS File No. SAT-LOA-20151123-00078). ORBCOMM License Corp. (ORBCOMM) filed a Petition to Dismiss, Deny or Hold in Abeyance certain portions of the Spire application on February 22, 2016. The satellites authorized in this grant will be deployed from the ISS at an altitude at or below 435 km. This orbital altitude is not the subject of ORBCOMM's petition and can be granted without prejudice to ORBCOMM's petition.

Spire Global, Inc.
IBFS File No. SAT-LOA-20151123-00078
Call Sign: S2946

satellites will be considered on a case-by-case basis, especially for requests in the band 402-403 MHz, and Spire shall have no expectations that future licenses will be approved. For future missions, transition of TT&C links out of the 402-403 MHz band is recommended.

5. Unless extended by the Commission for good cause shown, this authorization will become null and void in the event the nine space stations are not constructed and launched in accordance with this application by the schedule set forth in Section 25.164(b) of the Commission's rules.

a. Enter into a binding non-contingent contract to construct the licensed satellite system by March 20, 2017.

b. Complete the Critical Design Review of the licensed satellite system by March 19, 2018.

c. Begin construction of the first satellite by September 18, 2018.

d. Launch and begin operation of the first satellite by September 18, 2019.

e. Bring all the satellites in the licensed satellite system into operation by March 18, 2022.

6. Spire must file a bond with the Commission in the amount of \$5,000,000 pursuant to 47 C.F.R. § 25.165 and the procedures set forth in Public Notice, DA 03-2602, 18 FCC Rcd 16283 (2003), within 30 days of the date of this grant, i.e., by April 18, 2016.

7. The license term for the nine satellites is 18 months and will begin on 3 a.m. eastern time on the date that Spire certifies to the Commission that the initial space station has been successfully placed into orbit and its operations fully conform to the terms and conditions of this authorization. Spire must file such certification within five business days of placing its initial satellite into operation.

8. Spire's request for a waiver of Section 25.114(c) of the Commission's rules, 47 C.F.R. §25.114(c), to the extent described in its application with respect to certain information to be provided in the Schedule S, IS GRANTED. We find that a waiver is warranted for the requirement for orbital information on the Schedule S for each satellite because the information Spire provided in its Narrative is sufficient to fulfill the relevant informational requirements.

9. Spire is afforded 30 days from the date of release of this authorization to decline this authorization as conditioned. Failure to respond within this period will constitute formal acceptance of the authorization as conditioned.

10. This action is issued pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective immediately. Petitions for reconsideration under Section 1.106 or applications for review under Section 1.115 of the Commission's rules, 47 C.F.R. §§ 1.106 and 1.115, maybe filed within 30 days of the date of the public notice indicating that this action was taken.

 f. Non-Geostationary Space Station
 g. Other (please specify)

26. TYPE OF EARTH STATION FACILITY: Not Applicable

PURPOSE OF MODIFICATION

27. The purpose of this proposed modification is to: (Place an "X" in the box(es) next to all that apply.) Not Applicable

ENVIRONMENTAL POLICY

28. Would a Commission grant of any proposal in this application or amendment have a significant environmental impact as defined by 47 CFR 1.1307? If YES, submit the statement as required by Sections 1.1308 and 1.1311 of the Commission's rules, 47 C.F.R. §§ 1.1308 and 1.1311, as an exhibit to this application. A Radiation Hazard Study must accompany all applications for new transmitting facilities, major modifications, or major amendments.

Yes No
Exhibit E

ALIEN OWNERSHIP

Earth station applicants not proposing to provide broadcast, common carrier, aeronautical en route or aeronautical fixed radio station services are not required to respond to Items 30-34.

29. Is the applicant a foreign government or the representative of any foreign government?	<input type="radio"/> Yes <input checked="" type="radio"/> No
30. Is the applicant an alien or the representative of an alien?	<input type="radio"/> Yes <input type="radio"/> No <input checked="" type="radio"/> N/A
31. Is the applicant a corporation organized under the laws of any foreign government?	<input type="radio"/> Yes <input type="radio"/> No <input checked="" type="radio"/> N/A
32. Is the applicant a corporation of which more than one-fifth of the capital stock is owned of record or voted by aliens or their representatives or by a foreign government or representative thereof or by any corporation organized under the laws of a foreign country?	<input type="radio"/> Yes <input type="radio"/> No <input checked="" type="radio"/> N/A
33. Is the applicant a corporation directly or indirectly controlled by any other corporation of which more than one-fourth of the capital stock is owned of record or voted by aliens, their representatives, or by a foreign government or representative thereof or by any corporation organized under the laws of a foreign country?	<input type="radio"/> Yes <input type="radio"/> No <input checked="" type="radio"/> N/A
34. If any answer to questions 29, 30, 31, 32 and/or 33 is Yes, attach as an exhibit an identification of the aliens or foreign entities, their nationality, their relationship to the applicant, and the percentage of stock they own or vote.	

BASIC QUALIFICATIONS

35. Does the Applicant request any waivers or exemptions from any of the Commission's Rules?
If Yes, attach as an exhibit, copies of the requests for waivers or exceptions with supporting documents.

Yes No

36. Has the applicant or any party to this application or amendment had any FCC station authorization or license revoked or had any application for an initial, modification or renewal of FCC station authorization, license, or construction permit denied by the Commission? If Yes, attach as an exhibit, an explanation of circumstances.

Yes No

37. Has the applicant, or any party to this application or amendment, or any party directly or indirectly controlling the applicant ever been convicted of a felony by any state or federal court? If Yes, attach as an exhibit, an explanation of circumstances.

Yes No

38. Has any court finally adjudged the applicant, or any person directly or indirectly controlling the applicant, guilty of unlawfully monopolizing or attempting unlawfully to monopolize radio communication, directly or indirectly, through control of manufacture or sale of radio apparatus, exclusive traffic arrangement or any other means or unfair methods of competition? If Yes, attach as an exhibit, an explanation of circumstances

Yes No

39. Is the applicant, or any person directly or indirectly controlling the applicant, currently a party in any pending matter referred to in the preceding two items? If yes, attach as an exhibit, an explanation of the circumstances.

Yes No

40. If the applicant is a corporation and is applying for a space station license, attach as an exhibit the names, address, and citizenship of those stockholders owning a record and/or voting 10 percent or more of the Filer's voting stock and the percentages so held. In the case of fiduciary control, indicate the beneficiary(ies) or class of beneficiaries. Also list the names and addresses of the officers and directors of the Filer. Exhibit C

41. By checking Yes, the undersigned certifies, that neither applicant nor any other party to the application is subject to a denial of Federal benefits that includes FCC benefits pursuant to Section 5301 of the Anti-Drug Act of 1988, 21 U.S.C. Section 862, because of a conviction for possession or distribution of a controlled substance. See 47 CFR 1.2002(b) for the meaning of "party to the application"; for these purposes. Yes No

42a. Does the applicant intend to use a non-U.S. licensed satellite to provide service in the United States? If Yes, answer 42b and attach an exhibit providing the information specified in 47 C.F.R. 25.137, as appropriate. If No, proceed to question 43. Yes No

42b. What administration has licensed or is in the process of licensing the space station? If no license will be issued, what administration has coordinated or is in the process of coordinating the space station?

43. Description. (Summarize the nature of the application and the services to be provided). (If the complete description does not appear in this box, please go to the end of the form to view it in its entirety.)

Applicant seeks authority to deploy a satellite system, providing maritime monitoring, meteorological monitoring, and earth imaging services.

Exhibit A

43a. Geographic Service Rule Certification

By selecting A, the undersigned certifies that the applicant is not subject to the geographic service or geographic coverage requirements specified in 47 C.F.R. Part 25.

A

By selecting B, the undersigned certifies that the applicant is subject to the geographic service or geographic coverage requirements specified in 47 C.F.R. Part 25 and will comply with such requirements.

B

By selecting C, the undersigned certifies that the applicant is subject to the geographic service or geographic coverage requirements specified in 47 C.F.R. Part 25 and will not comply with such requirements because it is not feasible as a technical matter to do so, or that, while technically feasible, such services would require so many compromises in satellite design and operation as to make it economically unreasonable. A narrative description and technical analysis demonstrating this claim are attached.

C

Exhibit D

CERTIFICATION

The Applicant waives any claim to the use of any particular frequency or of the electromagnetic spectrum as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise, and requests an authorization in accordance with this application. The applicant certifies that grant of this application would not cause the applicant to be in violation of the spectrum aggregation limit in 47 CFR Part 20. All statements made in exhibits are a material part hereof and are incorporated herein as if set out in full in this application. The undersigned, individually and for the applicant, hereby certifies that all statements made in this application and in all attached exhibits are true, complete and correct to the best of his or her knowledge and belief, and are made in good faith.

44. Applicant is a (an): (Choose the button next to applicable response.)

- Individual
- Unincorporated Association
- Partnership
- Corporation
- Governmental Entity
- Other (please specify)

45. Name of Person Signing
Jonathan Rosenblatt

46. Title of Person Signing
General Counsel

47. Please supply any need attachments.
