Re: Notice of Results of In-Orbit Testing and Arrival On-Station of Intelsat 36
Call Sign S2948; File No. SAT-LOA-20151231-00089

Dear Ms. Dortch:

Intelsat License LLC (“Intelsat”), in accordance with the Federal Communication Commission’s (“Commission”) rules,¹ hereby notifies the Commission that the in-orbit testing (“IOT”) of Intelsat 36 was completed on September 12, 2016 and that the satellite arrived on-station at its licensed orbital location of 68.5° E.L. on September 20, 2016. Intelsat also certifies that Intelsat 36’s operational performance is consistent with its license,² and that the satellite is capable of using all of its assigned frequencies.

In addition, Intelsat requests a determination from the Commission that the last milestone for the Intelsat 36 satellite, requiring launch and operation of the satellite, has been satisfied and, as a result, Intelsat may release the bond for Intelsat 36.

Sincerely,

Cynthia J. Grady
Regulatory Counsel
Intelsat Corporation
