 Intelsat License LLC
 IBFS File No. SAT-LOA-20170124-00009

IBFS File No(s):	SAT-LOA-20170124-00009	<p>GRANTED – With Conditions</p>  <p>International Bureau Satellite Division</p>
Licensee/Grantee:	Intelsat License LLC	
Call Sign:	S2988	
Satellite Name:	Telkom-2	
Orbital Location: (required station-keeping tolerance)	157.0° E.L. (+/- 0.05 degrees east/west)	
Administration:	United States of America (ITU)/Indonesia (UN)	
Nature of Service:	Fixed-Satellite Service (FSS)	
Scope of Grant:	Authority to operate a C-band geostationary orbit space station	
Previous Grant(s):	N/A	
Service Area(s):	See Schedule S Tech Report at 5-9.	
Frequencies:	3700 – 4200 MHz (space-to-Earth) 5925 – 6425 MHz (Earth-to-space) Telemetry, Tracking & Command center frequencies: 3701.25 MHz and 4199.61 MHz (space-to-Earth) 5926.5 MHz and 6423.5 MHz (Earth-to-space)	
<p>Unless otherwise specified herein, operations under this grant must comport with the legal and technical specifications set forth by the applicant or petitioner and with Federal Communication Commission’s rules not waived herein. This grant is also subject to the following conditions:</p> <ol style="list-style-type: none"> 1. Intelsat must prepare the necessary information, as may be required for submission to the International Telecommunication Union (ITU), to initiate and complete the advance publication, international coordination, due diligence, and notification process for this space station, in accordance with the ITU Radio Regulations. Intelsat shall be responsible for all cost-recovery fees associated with ITU filings. No protection from interference caused by radio stations authorized by other administrations is guaranteed unless coordination and notification procedures are timely completed or, with respect to individual administrations, by successfully completing coordination agreements. Any radio station authorization for which coordination has not been completed may be subject to additional terms and conditions as required to effect coordination of the frequency assignments with other administrations. <i>See</i> 47 CFR § 25.111(b). 2. Intelsat must maintain the Telkom-2 space station with an east/west longitudinal station-keeping tolerance of +/- 0.05 degrees of the 157.0° E.L. orbital location. 3. Intelsat must operate Telkom-2 at the 157.0° E.L. orbital location in accordance with any existing or future coordination agreements for this location. 4. In connection with the provision of service in any particular country, Intelsat is obliged to comply with the applicable laws, regulations, rules, and licensing procedures of that country. 5. The Commission has exchanged letters with the Telecommunications Regulatory Authority of Indonesia to ensure a mutual understanding regarding the operations of the Telkom-2 space station. The letters are attached to this grant and the understandings and factual basis for those understandings are a material consideration for this grant of authority. 6. The operations of Telkom-2 and associated earth stations must comport with the applicable uplink and downlink limits in 47 CFR § 25.140(a)(3) of the Commission’s rules, unless Intelsat coordinates any non-conforming operations with the operations of U.S.-licensed geostationary orbit space stations within 6 degrees of the 157.0° E.L. orbital location. Non-conforming operation must also be coordinated with respect to those operations of non-U.S.-licensed space stations within 6 degrees of 157.0° E.L. involving approved

 Intelsat License LLC
 IBFS File No. SAT-LOA-20170124-00009

communications with U.S.-licensed earth stations.

7. Intelsat's operation of the Telkom-2 space station at the 157.0° E.L. orbital location in the 3700-4200 MHz (space-to-Earth) and 5925-6425 MHz (Earth-to-space) frequency bands is subject to the following conditions:

(a) Intelsat shall remain a signatory to the Public Services Agreement between Intelsat and the International Telecommunications Satellite Organization (ITSO) that was approved by the ITSO Twenty-fifth and Thirty-seventh Assembly of Parties, as amended.

(b) No entity shall be considered a successor-in-interest to Intelsat under the ITSO Agreement for licensing purposes unless it has undertaken to perform the obligations of the Public Services Agreement approved by the Twenty-fifth and Thirty-seventh Assembly of Parties, as amended.

8. The license will end on May 30, 2021. The term may be extended pursuant to a license modification, or terminated earlier in the event that a transfer of control of the satellite is sought and approved.

Intelsat is afforded thirty (30) days from the date of release of this action to decline the grant as conditioned. Failure to respond within this period will constitute formal acceptance of the grant as conditioned.

This action is taken pursuant to Section 0.261 of the Commission's rules on delegated authority, 47 C.F.R. § 0.261, and is effective upon release.

Station licenses are subject to the conditions specified in Section 309(h) of the Communications Act of 1934, as amended, 47 U.S.C. § 309(h).

Action Date:	November 30, 2017

Re: Operations of the Telkom-2 Satellite

Dear Messrs. Setiawan and Mulyadi:

This letter is to confirm the informal understanding of the Ministry of Communication and Information Technology (MCIT) and the Federal Communications Commission (FCC) concerning the Telkom-2 satellite.

Since May 30, 2017, the satellite has been located at the 157° E.L. orbital location. Telkom-2 is capable of operating using the following frequencies: 3700-4200 MHz (downlink); 5925-6425 MHz (uplink). Telecommand, telemetry, and control operations for the satellite use the 3701.25 MHz and 4199.61 MHz (space-to-earth), and 5926.5 MHz and 6423.5 MHz (Earth-to-space) center frequencies. Indonesia has registered the satellite with the Secretary General of the United Nations, pursuant to the 1976 U.N. Convention on Registration of Objects Launched into Outer Space.

The current operator of Telkom-2 is Perusahaan Perseroan (Persero) PT Telekomunikasi Indonesia, Tbk. (PT Telkom). PT Telkom is a party to a commercial agreement with Intelsat License LLC (Intelsat), a United States (U.S.) company, concerning use of the 3700-4200 MHz (downlink); 5925-6425 MHz (uplink) frequency bands on Telkom-2 at the 157.0° E.L. orbital location, and use of the telecommand, telemetry, and control center frequencies on Telkom-2 of 3701.25 MHz and 4199.61 MHz (space-to-earth), and 5926.5 MHz and 6423.5 MHz (Earth-to-space), through an earth station located in Klapanunggal, Bogor-West Java Indonesia. Pursuant to this agreement, Intelsat has applied for a license from the U.S. Administration in connection with the operations of Telkom-2 in those bands at 157.0° E.L., consistent with the U.S. ITU filings known as INTELSAT5A 157E, INTELSAT6 157E, INTELSAT7 157E, and INTELSAT8 157E. The agreement is for a four year period, with possible extensions on a year to year basis.

It is my understanding that our agencies have concurred on the following issues concerning the operation of the Telkom-2 satellite, contingent upon completion of the FCC licensing process:

- 1) Upon issuance of an FCC license to Intelsat, and during the term of the license, including any extensions, operations of Telkom-2 will be subject to the authority of the FCC.

- 2) While Telkom-2 is subject to FCC authority, and, in the event of extraordinary circumstances, the FCC may direct Intelsat to cease or modify operations of Telkom-2, or any portion of the satellite, without the need for consultation with or approval from the MCIT, for example, to comply with a direction by the U.S. President under Section 706(c) of the Communications Act of 1934, as amended, 47 U.S.C. § 606(c), or in the event of a satellite anomaly presenting an imminent danger, and Intelsat will be required to comply with any such direction. It is understood that, if operations of Telkom-2 are ceased or modified under this condition, the FCC will inform the MCIT, at the earliest possible opportunity, about the action taken by the FCC.
- 3)

Intelsat and the FCC will be responsible for taking action necessary for compliance with the ITU Radio Regulations (in particular the coordination and notification procedures) for Telkom-2 at the 157.0° E.L. orbital location.,
- 4) The FCC will consult with the MCIT if practicable, prior to any relocation of the satellite from the 157.0° E.L. orbital location, or as soon thereafter as possible.
- 5) The MCIT will not object to use of the Telkom-2 satellite by the FCC for claiming bringing into use or continuing the use of frequency assignments at 157.0° E.L., and in particular with respect to the ITU filings known as INTELSAT5A 157E, INTELSAT6 157E, INTELSAT7 157E, and INTELSAT8 157E.

Any notices, inquiries, and correspondence from the MCIT concerning these matters should be directed to the Chief, Satellite Division, International Bureau, at Jose.Albuquerque@fcc.gov with a copy to Karl.Kensinger@fcc.gov, on the part of the FCC. The FCC will direct any notices, inquiries, and correspondence from the FCC concerning these matters to Mr. Denny Setiawan, Acting Deputy Director General for Spectrum Policy and Planning, Ministry of Communication and Information Technology, at denny@postel.go.id, with a copy to Mr. Mulyadi at mulyadi@postel.go.id.

If the foregoing corresponds to your understanding of the informal arrangements between our agencies concerning Telkom-2, please confirm by return letter. Thank you.

Sincerely,

Jose P. Albuquerque

Our Ref. : **1763** /KOMINFO/DJSDPPI.2/SP.01.03/11/2017 Jakarta, **28** November 2017
Subject : Operations of the TELKOM-2 Satellite

Mr. Jose P. Albuquerque
Chief, Satellite Division
International Bureau
Federal Communications Commission

Dear Sir,

We thank you for your letter to confirm the understanding between the Ministry of Communication and Information Technology (MCIT) and the Federal Communications Commission (FCC) concerning the operations of the TELKOM-2 satellite at 157 E.L.

With regards to this matter, the MCIT confirms the FCC provisions as mentioned in points 1) to 5) in your letter for the operation of the TELKOM-2 satellite at 157 E.L under the U.S. ITU filings of INTELSAT5A 157E, INTELSAT6 157E, INTELSAT7 157E, and INTELSAT8 157E. We understand that PT Telekomunikasi Indonesia, Tbk. (PT. Telkom) as the owner of the TELKOM-2 satellite should follow the U.S. regulation and policy as the consequence of the commercial agreement between PT. Telkom and Intelsat License LLS (Intelsat) within the period of the agreement. In addition, PT. Telkom as Indonesian satellite operator is subject to report the relocation of their satellite to the MCIT, and it will be appreciated if the FCC also informs the MCIT of any relocations of the TELKOM-2 satellite.

Furthermore, the MCIT supports the cooperation between PT. Telkom and Intelsat, and there is no objection to this commercial agreement. We wish this confirmation will accelerate the licensing process for the TELKOM-2 satellite operation at 157 E.L.

Thank you for your kind attention and cooperation.

TYPE OF SERVICE

20. NATURE OF SERVICE: This filing is for an authorization to provide or use the following type(s) of service(s): Select all that apply:

- a. Fixed Satellite
- b. Mobile Satellite
- c. Radiodetermination Satellite
- d. Earth Exploration Satellite
- e. Direct to Home Fixed Satellite
- f. Digital Audio Radio Service
- g. Other (please specify)

21. STATUS: Choose the button next to the applicable status. Choose only one.

- Common Carrier Non-Common Carrier

22. If earth station applicant, check all that apply.
Not Applicable

23. If applicant is providing INTERNATIONAL COMMON CARRIER service, see instructions regarding Sec. 214 filings. Choose one. Are these facilities:

- Connected to a Public Switched Network Not connected to a Public Switched Network N/A

24. FREQUENCY BAND(S): Place an "X" in the box(es) next to all applicable frequency band(s).

- a. C-Band (4/6 GHz) b. Ku-Band (12/14 GHz)

- c. Other (Please specify upper and lower frequencies in MHz.)

Frequency Lower: Frequency Upper: (Please specify additional frequencies in an attachment)

TYPE OF STATION

25. CLASS OF STATION: Choose the button next to the class of station that applies. Choose only one.

- (N/A) a. Fixed Earth Station
- (N/A) b. Temporary-Fixed Earth Station
- (N/A) c. 12/14 GHz VSAT Network
- (N/A) d. Mobile Earth Station
- e. Geostationary Space Station.
- f. Non-Geostationary Space Station
- g. Other (please specify)

26. TYPE OF EARTH STATION FACILITY: Not Applicable

PURPOSE OF MODIFICATION

27. The purpose of this proposed modification is to: (Place an "X" in the box(es) next to all that apply.) Not Applicable

ENVIRONMENTAL POLICY

28. Would a Commission grant of any proposal in this application or amendment have a significant environmental impact as defined by 47 CFR 1.1307? If YES, submit the statement as required by Sections 1.1308 and 1.1311 of the Commission's rules, 47 C.F.R. §§ 1.1308 and 1.1311, as an exhibit to this application. A Radiation Hazard Study must accompany all applications for new transmitting facilities, major modifications, or major amendments. Yes No

ALIEN OWNERSHIP

Earth station applicants not proposing to provide broadcast, common carrier, aeronautical en route or aeronautical fixed radio station services are not required to respond to Items 30-34.

29. Is the applicant a foreign government or the representative of any foreign government?	<input type="radio"/> Yes <input checked="" type="radio"/> No
30. Is the applicant an alien or the representative of an alien?	<input type="radio"/> Yes <input checked="" type="radio"/> No <input type="radio"/> N/A
31. Is the applicant a corporation organized under the laws of any foreign government?	<input type="radio"/> Yes <input checked="" type="radio"/> No <input type="radio"/> N/A
32. Is the applicant a corporation of which more than one-fifth of the capital stock is owned of record or voted by aliens or their representatives or by a foreign government or representative thereof or by any corporation organized under the laws of a foreign country?	<input type="radio"/> Yes <input checked="" type="radio"/> No <input type="radio"/> N/A
33. Is the applicant a corporation directly or indirectly controlled by any other corporation of which more than one-fourth of the capital stock is owned of record or voted by aliens, their representatives, or by a foreign government or representative thereof or by any corporation organized under the laws of a foreign country?	<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A
34. If any answer to questions 29, 30, 31, 32 and/or 33 is Yes, attach as an exhibit an identification of the aliens or foreign entities, their nationality, their relationship to the applicant, and the percentage of stock they own or vote.	

BASIC QUALIFICATIONS

35. Does the Applicant request any waivers or exemptions from any of the Commission's Rules?
If Yes, attach as an exhibit, copies of the requests for waivers or exceptions with supporting documents.

Yes No

36. Has the applicant or any party to this application or amendment had any FCC station authorization or license revoked or had any application for an initial, modification or renewal of FCC station authorization, license, or construction permit denied by the Commission? If Yes, attach as an exhibit, an explanation of circumstances.

Yes No

37. Has the applicant, or any party to this application or amendment, or any party directly or indirectly controlling the applicant ever been convicted of a felony by any state or federal court? If Yes, attach as an exhibit, an explanation of circumstances.

Yes No

38. Has any court finally adjudged the applicant, or any person directly or indirectly controlling the applicant, guilty of unlawfully monopolizing or attempting unlawfully to monopolize radio communication, directly or indirectly, through control of manufacture or sale of radio apparatus, exclusive traffic arrangement or any other means or unfair methods of competition? If Yes, attach as an exhibit, an explanation of circumstances

Yes No

39. Is the applicant, or any person directly or indirectly controlling the applicant, currently a party in any pending matter referred to in the preceding two items? If yes, attach as an exhibit, an explanation of the circumstances.

Yes No

40. If the applicant is a corporation and is applying for a space station license, attach as an exhibit the names, address, and citizenship of those stockholders owning a record and/or voting 10 percent or more of the Filer's voting stock and the percentages so held. In the case of fiduciary control, indicate the beneficiary(ies) or class of beneficiaries. Also list the names and addresses of the officers and directors of the Filer.

41. By checking Yes, the undersigned certifies, that neither applicant nor any other party to the application is subject to a denial of Federal benefits that includes FCC benefits pursuant to Section 5301 of the Anti-Drug Act of 1988, 21 U.S.C. Section 862, because of a conviction for possession or distribution of a controlled substance. See 47 CFR 1.2002(b) for the meaning of "party to the application"; for these purposes. Yes No

42a. Does the applicant intend to use a non-U.S. licensed satellite to provide service in the United States? If Yes, answer 42b and attach an exhibit providing the information specified in 47 C.F.R. 25.137, as appropriate. If No, proceed to question 43. Yes No

42b. What administration has licensed or is in the process of licensing the space station? If no license will be issued, what administration has coordinated or is in the process of coordinating the space station?

43. Description. (Summarize the nature of the application and the services to be provided). (If the complete description does not appear in this box, please go to the end of the form to view it in its entirety.)

Intelsat License LLC, pursuant to Section 25.114 of the rules of the Federal Communications Commission, hereby requests authority to operate Telkom-2, an in-orbit satellite, at the 157.0 E.L. orbital location. Telkom-2 is a non-common carrier C-band satellite that Intelsat will take control over pursuant to a commercial agreement with its

Narrative

43a. Geographic Service Rule Certification

By selecting A, the undersigned certifies that the applicant is not subject to the geographic service or geographic coverage requirements specified in 47 C.F.R. Part 25.

A

By selecting B, the undersigned certifies that the applicant is subject to the geographic service or geographic coverage requirements specified in 47 C.F.R. Part 25 and will comply with such requirements.

B

By selecting C, the undersigned certifies that the applicant is subject to the geographic service or geographic coverage requirements specified in 47 C.F.R. Part 25 and will not comply with such requirements because it is not feasible as a technical matter to do so, or that, while technically feasible, such services would require so many compromises in satellite design and operation as to make it economically unreasonable. A narrative description and technical analysis demonstrating this claim are attached.

The public reporting for this collection of information is estimated to average 0.25 – 24 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD–PERM, Paperwork Reduction Project (3060–0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to PRA@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060–0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104–13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.

43. Description. (Summarize the nature of the application and the services to be provided).

Intelsat License LLC, pursuant to Section 25.114 of the rules of the Federal Communications Commission, hereby requests authority to operate Telkom-2, an in-orbit satellite, at the 157.0 E. L. orbital location. Telkom-2 is a non-common carrier C-band satellite that Intelsat will take control over pursuant to a commercial agreement with its owner, Perusahaan Perseroan PT Telekomunikasi Indonesia, Tbk., after the arrival of the satellite at 157.0 E.L. and receipt of FCC approval.
