Subject: ITU Cost Recovery Fees for the Hawkeye 360 Constellation, IBFS File No. SAT-LOA-20190102-00001

Dear Ms. Dortch,

HawkEye 360, Inc. ("HE360"), the applicant for the above-captioned application, is aware that as a result of actions taken at the International Telecommunication Union's 1998 Plenipotentiary Conference, and subsequently modified by the ITU Council, processing fees will be charged by the ITU for satellite network filings. As a consequence, Commission applicants are responsible for any and all fees charged by the ITU. The applicant hereby states that it is aware of this requirement and unconditionally accepts responsibility to pay any cost recovery fees associated with this application regarding the HE360 constellation.

Please address all cost-recovery inquires, and ITU correspondence and filings, related to the HE360 constellation to the following point of contact:

Dr. Michael Mineiro
V.P. Legal and Regulatory
HawkEye 360, Inc.

HE360 understands that should there be any change in the point of contact information, we will inform the Commission within 30 days of the foreseen event.

HE360 understands that it must remit payment of any resultant cost-recovery fee to the ITU by the due date specified in the ITU invoice, unless an appeal filed prior to the due date is pending with the ITU. We fully understand that a license granted in reliance on such a commitment will be conditioned upon discharge of any such cost-recovery obligation. We also acknowledge that, in accordance with 47 C.F.R. §25.111, should we have an overdue ITU cost-recovery fee and have no appeal pending with the ITU, the Commission may dismiss any application associated with that satellite network.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rob Rainhart', written in a cursive style.
