Re: File Nos. SAT-LOA-20210212-00021 and SAT-AMD-20210831-00119
Ex Parte Communication

Dear Ms. Dortch:

On September 13 and 14, 2021, ICEYE US, Inc. ("ICEYE US"), represented by its undersigned regulatory counsel, exchanged the attached e-mail correspondence with representatives of the Satellite Division of the International Bureau.

Respectfully submitted,

ICEYE US, INC.

Bob:

I expect that we will have those questions to you fairly shortly.

Please note that this application continues to be in “permit-but-disclose” status with respect to *ex parte* communications. Your most recent correspondence below from this week is a presentation related to the merits of the application, including when it will be acceptable for filing.

Accordingly, please file a copy of the correspondence into the record for the proceeding, File Nos. SAT-LOA-20210212-00021, SAT-AMD-20210831-00119.

Best regards,

Merissa

Subject: RE: ICEYE -- SAT-AMD-20210831-00119 -- Amendment to Streamlined NGSO Application

Good morning,

Just circling back. In reviewing my notes, I now see that Sam advised that the FCC was preparing several questions for ICEYE.

When should we expect to receive those questions?

Can the FCC proceed to place the application on PN while ICEYE is preparing its responses to the questions? ICEYE believes that the application, as amended, is substantially complete.

Thanks.

Bob

Subject: ICEYE -- SAT-AMD-20210831-00119 -- Amendment to Streamlined NGSO Application

Good morning Merissa,

I would appreciate it if IB would place ICEYE's amendment on Public Notice as soon as possible, preferably this week.

I believe that ICEYE has fully responded to all of staff's questions and concerns.

ICEYE has been working with Sam to get the application filed with the ITU. It is my understanding that all substantive issues have been resolved.

In addition, I believe that ICEYE has worked through all pending issues with US Government agencies. I'll be working with NTIA to confirm this.

Many thanks.

Bob
