Re: *Application of Lynk Global, Inc., IBFS File No. SAT-LOA-20210511-00064, Call Sign S3087*

Dear Ms. Dortch:

Pursuant to Section 1.1206 of the Federal Communications Commission's ("FCC's") rules,¹ this letter provides notice that on July 14, 2021, Lynk Global, Inc. ("Lynk") held a call with the staff of the FCC's Satellite Division ("Division") to discuss the above-captioned space station application.² Lynk provided an update on the planned Lynk Smallsat System and explained that the first satellite in this constellation is currently scheduled for launch on December 1, 2021. Lynk requested that the Division consider a partial grant of Lynk's application to authorize operation of this one satellite after the application is off public notice.

Lynk discussed the status of the application with the Division and answered the Division's questions. During the call, Lynk explained that it is currently preparing materials for submission to the International Telecommunication Union ("ITU") and will submit these to the FCC soon. Division staff asked Lynk several questions regarding the application, including (i) clarification of whether Lynk's satellites will meet the 6-year in-orbit lifetime required under the smallsat rules³; and (ii) clarification of how Lynk will satisfy the requirement that smallsat operations "not materially constrain future space station entrants from using the authorized frequency band(s)."⁴ Lynk explained that, as indicated in its application, all satellites launched as part of the Lynk Smallsat System will meet the 6-year in-orbit lifetime requirement and that operation of the Lynk Smallsat System will not materially constrain future operators from using the frequency bands in which Lynk seeks to operate. Upon receiving the Division's complete list

¹ 47 C.F.R. § 1.1206.

² A full list of call participants is attached to this filing.

³ 47 C.F.R. § 25.122(c)(2).

⁴ 47 C.F.R. § 25.122(c)(9).

of questions, LYNK will provide additional detail in response to these questions and any additional questions that the Division may have about the application.

Please direct any questions you may have to the undersigned.

Respectfully submitted,

LYNK GLOBAL, INC.

/s/ Shawn Marcum
