Re: ICFS File Nos. SAT-LOA-20250618-00152 and SAT-AMD-20250919-00292

Dear Ms. Dortch:

The Federal Communications Commission granted Astranis Projects USA LLC ("Astranis") authority to launch and operate the ASTRANIS 157E GSO System ("Grant") in the above-referenced application.¹ Under Condition 13 of the Grant, Astranis was provided a 180-day deferral of the surety bond requirement pursuant to 47 C.F.R. § 25.165(a)(2) & (b), and under Condition 15(a) Astranis is required to post a surety bond no later than October 20, 2026.²

Pursuant to this letter, Astranis respectfully requests a six-month extension of the deferral of the surety bond required under 47 C.F.R. § 25.165 in this Grant. Thus, Astranis requests that the new date would be April 20, 2027. Astranis requests this extension due to delay in the planned launch of the satellite to the end of 2026.

Respectfully submitted,

/s/ Kimberly M. Baum

¹ Astranis Projects USA LLC, *Application for Authority to Launch and Operate the ASTRANIS 157E GSO System at the Nominal 157° E.L. Orbital Location in Ka-band Frequencies* (S3236), ICFS File Nos. SAT-LOA-20250618-00152 and SAT-AMD-20250919-00292, Grant Stamp (Apr. 23, 2026).

² See *id.*, Conditions 13 & 15(a).
