Mr. Griboff,

Attached are the three ex parte filings you requested.

With regard to the three not on our February 23 chart, the October 20 and 21 notices should have been included, and the May 15 notice was incorrectly listed as May 13.

I am not aware of any filings since our February 23 chart other than the March 2 notice.

Please let me know if you have any questions. For the sake of completeness, I will file a copy of this e-mail and its attachments with the Secretary tomorrow.

Brian Smith

Brian, thanks for forwarding this list. To complete my files, I'd appreciate if you could forward copies (pdf's are fine) of the following three filings (in reverse chronological order):

2/19/04, from Alfred Mottur to Marlene Dortch
12/22/03, from Zie Rivers to Commissioner Abernathy
11/21/03, from Jonathan Blake to Marlene Dortch

Fyi, my files include the following ex parte letters not on your list:
10/21/03, from Alfred Mottur to Marlene Dortch (reporting Comm'r Adelstein meeting)
10/20/03, from Gregory Staple to Marlene Dortch (reporting Comm'r Martin meeting)
5/15/03, from Jonathan Blake to Marlene Dortch (reporting meeting w/IB & OGC staff)

Also, could you please verify that the only filing in the past month (since you completed your list) was the March 1 ex parte letter from Jonathan Blake to Marlene Dortch (reporting phone conversation with Sam Feder)? If not, could you forward any other filings since 2/19/04.

In addition to replying to me, please send these (and all future correspondence) to William Bell (William.Bell@fcc.gov), who will be overseeing this project for the Satellite Division due to my move to the Policy Division. Thanks very much.

Dear Commissioner Abernathy:

When we met with you and your legal advisor, Jennifer Manner, on Wednesday, December 17 about the Bureau's February 10, 2003, cancellation of TMI's 2 GHz authorization, you stated that you had not fully considered the international ramifications of the decision and wanted to think further about those concerns. In your willingness to grapple with this aspect of the issue, you were showing the sense of responsibility to the Commission's proper functioning in the international community that has made you effective in carrying out your responsibilities as the International Commissioner.

In connection with your considering the international issues at stake in our case, I urge you to meet with Kirsten Embree, Esq., of the Osler, Hoskin & Harcourt firm in Ottawa Canada, who has expertise about the principles and issues of international and trade law that were triggered by the Bureau's treatment of TMI. We submitted her 24-page opinion as Attachment D to our letter to Chairman Powell on October 29, 2003. I believe Kirsten would be a helpful resource to you and Jennifer, who I know also has significant experience in these areas as well.

If you could let us know what dates might be available for such a get-together, I will ask Kirsten to join me in a meeting with you and Jennifer to discuss these matters.

Sincerely,
