Re: *Spectrum Five LLC, Petition for Declaratory Ruling To Serve the U.S. Market Using BSS Spectrum from the 114.5° W.L. Orbital Location, File Nos. SAT-LOI-20041228-00228, SAT-LOI-20041228-00229*

Dear Ms. Dortch:

On December 28, 2004, Spectrum Five LLC ("Spectrum Five") filed a Petition for Declaratory Ruling ("Petition") requesting authority to provide Direct Broadcast Satellite service to the U.S. market using two Netherlands-authorized satellites from the 114.5° W.L. orbital location. In the Petition, Spectrum Five stated that its proposal complied with the Commission's requirements for market entry by a foreign-authorized satellite. Based on conversations with the Commission's staff, Spectrum Five also noted in the Petition that certain additional technical information would subsequently be provided. By this letter, Spectrum Five advises the Commission that it intends to supplement its Petition with this additional technical information by no later than February 18, 2005. Spectrum Five respectfully requests that the Commission hold the Petition in abeyance until the supplement is filed.

Please do not hesitate to contact the undersigned with any questions.

Respectfully submitted,

Todd M. Stansbury
Counsel for Spectrum Five LLC
