Re: File Nos. SAT-LOI-20050312-00062, SAT-LOI-20050312-00063, *Notice of Ex Parte Presentation*

Dear Ms. Dortch:

On May 15, 2006, David Wilson, President of Spectrum Five LLC ("Spectrum Five"), met with Commissioner Jonathan Adelstein; Barry Ohlson, Commissioner Adelstein's Senior Legal Advisor for International & Spectrum Issues; and Rudy Brioché, Commissioner Adelstein's Legal Advisor for Media Issues

Spectrum Five outlined the public interest benefits that would result from grant of its pending Petition to provide DBS service in the United States using a satellite system authorized by the Netherlands,¹ including the significant expansion of spectrum capacity that could be used to provide local-into-local and high-definition DBS services to American consumers. Spectrum Five also described its efforts to date to develop and deploy a state-of-the-art "tweener" satellite system.

Should you have any questions, please contact the undersigned counsel for Spectrum Five. Thank you.

Sincerely,

Todd M. Stansbury
