Subject: URGENT -- Netherlands Embassy request on Spectrum Five decision planned for today

Dear Mr. Lazarus,

The Netherlands Embassy has been approached by David Wilson, CEO of Spectrum Five, a satellite operator under Dutch law.

We understand from Mr. Wilson that the FCC International Bureau intends to revoke their U.S. market authorization for their tweener at 114.5 WL today.

We understand from Mr. Wilson that such a revocation usually only takes place after a procedure in which the operator can object within a reasonable period of time, and that such a procedure has not been followed in this particular case.

As Notifying Administration we therefore kindly request you to postpone the abovementioned decision and inform us of the state of affairs and next steps in this particular case.

Many thanks in advance.

Best regards,

Suzanne de Groot

First Secretary Economic Affairs
