Dear Sirs,

We understand that you are seeking confirmation about certain matters relating to the IOMSAT-11 and IOMSAT-11A network filings made by the United Kingdom at the ITU on behalf of the Isle of Man Government.

ManSat Ltd. has an arrangement with the Isle of Man that provides ManSat the right to implement satellite networks using these ITU filings, or to allow a third party to do so. Pursuant to that arrangement, I can confirm that ManSat has agreed to terms under which ViaSat, Inc. or one of its affiliates may implement satellite networks using these ITU filings principally to serve the United States.

Yours sincerely,

A handwritten signature in black ink, appearing to read "C. Stott". The signature is written in a cursive, flowing style with some loops and flourishes.
