**Re: ViaSat, Inc., IBFS File No. SAT-LOI-20130315-00031, Call Sign S2894**

Dear Ms. Dortch:

ViaSat, Inc. ("ViaSat") hereby surrenders the above-referenced grant of market access for a Ka-band satellite at the nominal 79° W.L. orbital location, which the Commission granted on December 12, 2013. It has become apparent that ViaSat's plans for this satellite are not currently viable due to unresolved challenges in the international frequency coordination process.

ViaSat is pleased to report that it is separately submitting a bond with respect to its grant of market access for a Ka-band satellite at the nominal 70° W.L. location, and looks forward to keeping the Commission apprised of its efforts to expand its satellite broadband network at that location.

ViaSat appreciates the diligent efforts of the Commission staff in this matter. Should you have any questions regarding this submission, please contact the undersigned.

Respectfully submitted,

/s/
