Re: Notice of *ex parte* presentation  
Request by Viasat, Inc. ("Viasat"), for Authority to  
Access the U.S. Market Using a Non- U.S. Licensed  
Ka-Band Geostationary Satellite at the Nominal 109°  
W.L. Orbital Location  
File No. SAT-LOI-20160208-00015

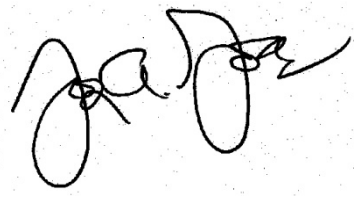

Dear Ms. Dortch:

On October 17, 2016, the undersigned, as counsel to Telesat Canada ("Telesat"), met with Jose Albuquerque, Chip Fleming, and Merissa Velez of the International Bureau concerning the above-referenced matter. Participating via telephone were Daniel S. Goldberg, President and Chief Executive Officer of Telesat; Henry Goldberg, counsel to Telesat; and Kerry Murray, Steve Duall, and Kathryn Medley of the International Bureau.

At the meeting, Telesat reiterated the reasons set forth in its pleadings as to why any grant of Viasat's above-referenced application should be conditioned on international coordination. Telesat suggested there be an explicit condition stating that the grant is "subject to the outcome of the international coordination process."

Please direct any questions concerning this filing to the undersigned.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'J. Godles', with a stylized flourish at the end.

Joseph A. Godles  
Attorney for Telesat Canada
