Re: File No. SAT-MOD-20080516-00106
Globalstar Licensee LLC, Application for Modification of License and Operation of
Ancillary Terrestrial Component Facilities, *Order and Authorization*, FCC 08-254 (Oct.
31, 2008)

Dear Ms. Domenici:

Globalstar Licensee LLC ("Globalstar") hereby provides its report pursuant to paragraph 41(h) of the referenced *Order and Authorization*.

Paragraphs 41(d) and (e) of the *Order and Authorization* impose certain conditions on Globalstar's provision of its ATC services which Globalstar will operate in conjunction with Open Range Communications, Inc. Globalstar and Open Range intend to include the following in their customer terms and conditions of service for those customers who subscribe to the MSS-ATC offering:

The U.S. Federal Communications Commission ("FCC") has required that we suspend our services to you in the event that Globalstar, Inc., our business partner and the operator of the Globalstar Mobile Satellite System, fails to comply with certain regulatory requirements as of July 1, 2010, and July 1, 2011. We expect that any such suspension, if it occurs, will be temporary. We will provide you with at least thirty (30) days' notice prior to suspending your service, and we will extend your service contract for the period of the suspension. We will waive any applicable early termination fee (see Section [TBD]) if you choose to terminate your contract rather than extend it for the period of the FCC-mandated suspension.

Please contact the undersigned if you require additional information.

Sincerely,

A handwritten signature in cursive script that reads "William F. Adler".

William F. Adler
