**Amendment to Application of Intelsat LLC
To Modify Authorization**

Intelsat LLC ("Intelsat"), pursuant to Section 25.116 of the Federal Communications Commission's ("FCC" or "Commission") rules, hereby submits the following request to amend the pending application for modification of its authorization for INTELSAT 601 submitted on August 13, 2002 ("Modification Application"). The Modification Application sought Commission approval to relocate INTELSAT 601 from 33.0" E.L. to 32.9" E.L. By this amendment Intelsat seeks authorization to relocate INTELSAT 601 from 33.0" E.L. to 64.25" E.L. rather than to 32.9" E.L.²

¹ See *Application of Intelsat LLC to Modify Authorizations*, File No. SAT-MOD-200208 13-0015 1 (filed Aug. 13, 2002) ("*Modification Application*").

² Intelsat has already begun drifting INTELSAT 601 to 64.25" E.L. pursuant to Special Temporary Authority. See *Request for Special Temporary Authority for INTELSAT 601* (verbal grant from Jennifer Gilson, FCC, to Jennifer Hindin, Wiley, Rein & Fielding LLP, provided on Oct. 3, 2002).

SAT-AMD-20021015-00230

Today, we grant **Intelsat LLC**'s request, as amended by its October 15th filing,¹ to modify its license and operate the **INTELSAT 601** satellite at the 64.25" E.L. orbital location, subject to the following condition:

- 1) **Intelsat LLC** will operate the **INTELSAT 601** satellite in compliance with all existing coordination agreements.

¹ In its modification application (File No. SAT-MOD-2002081 3-00 15 1), **Intelsat LLC** sought authority to operate the **INTELSAT 601** satellite at 32.9" E.L. rather than at 33.0" E.L., as previously authorized. On October 15, 2002, **Intelsat LLC** filed an amendment (SAT-AMD-2002 10 15-00030) to its application seeking authority to relocate the **INTELSAT 601** satellite from 33.0" E.L. to 64.25" E.L. rather than at 32.9" E.L. as previously requested.
