Subject: ARABSAT - Pas-5 authorization

PAS-9

SAT-MOD-20021226-00240

IB2002002117

PanAmSat Licensee Corp.

PAS-9

Dear Sirs;

This is to inform you that Saudi Arabia, being the notifying administration for ARABSAT, has licensed ARABSAT to operate its systems' satellites at 26° E.L.. Saudi Arabia has not, however, licensed PanAmSat's operation of PAS-5 at 26.15° E.L., which we recognize is governed by the authorization provided by the U.S. Federal Communications Commission.

Thanks

**Nashaat M. Waheeb
