File No. SAT-AMD-20031118-00332 (ATC application)

Dear Ms. Dortch:

This is to inform you that, on July 12, 2004, in connection with the above-referenced applications, the undersigned, representing Motient, Inc., an investor in Mobile Satellite Ventures LP ("MSV"), spoke by telephone with Richard Engelman of the International Bureau. We discussed the uplink standard of 6% $\Delta T/T$, the overhead gain suppression value, the vocoder issue, the downlink power value, the key telecommunications standards that might be incorporated into MSV's ATC system, and the need for having an in-orbit spare. These subjects have been covered in the above-referenced applications and the parties' pleadings and filings regarding those applications.

Please direct any questions regarding this matter to the undersigned.

Respectfully submitted,

Henry Goldberg
Attorney for Motient, Inc.
