TYPE OF STATION

25. CLASS OF STATION: Choose the button next to the class of station that applies. Choose only one.

- a. Fixed Earth Station
- b. Temporary-Fixed Earth Station
- c. 12/14 GHz VSAT Network
- d. Mobile Earth Station
- e. Geostationary Space Station
- f. Non-Geostationary Space Station
- g. Other (please specify)

26. TYPE OF EARTH STATION FACILITY:

- Transmit/Receive Transmit-Only Receive-Only N/A

"For Space Station applications, select N/A."

PURPOSE OF MODIFICATION

27. The purpose of this proposed modification is to: (Place an 'X' in the box(es) next to all that apply.)

- a -- authorization to add new emission designator and related service
- b -- authorization to change emission designator and related service
- c -- authorization to increase EIRP and EIRP density
- d -- authorization to replace antenna
- e -- authorization to add antenna
- f -- authorization to relocate fixed station
- g -- authorization to change frequency(ies)
- h -- authorization to add frequency
- i -- authorization to add Points of Communication (satellites & countries)
- j -- authorization to change Points of Communication (satellites & countries)
- k -- authorization for facilities for which environmental assessment and radiation hazard reporting is required
- l -- authorization to change orbit location
- m -- authorization to perform fleet management
- n -- authorization to extend milestones
- o -- Other (Please specify)

ENVIRONMENTAL POLICY

28. Would a Commission grant of any proposal in this application or amendment have a significant environmental impact as defined by 47 CFR 1.1307? If YES, submit the statement as required by Sections 1.1308 and 1.1311 of the Commission's rules, 47 C.F.R. 1.1308 and 1.1311, as an exhibit to this application. A Radiation Hazard Study must accompany all applications for new transmitting facilities, major modifications, or major amendments.

Yes No

ALIEN OWNERSHIP Earth station applicants not proposing to provide broadcast, common carrier, aeronautical en route or aeronautical fixed radio station services are not required to respond to Items 30–34.

29. Is the applicant a foreign government or the representative of any foreign government?

Yes No N/A

30. Is the applicant an alien or the representative of an alien?

Yes No N/A

31. Is the applicant a corporation organized under the laws of any foreign government?

Yes No N/A

32. Is the applicant a corporation of which more than one-fifth of the capital stock is owned of record or voted by aliens or their representatives or by a foreign government or representative thereof or by any corporation organized under the laws of a foreign country?

Yes No N/A

33. Is the applicant a corporation directly or indirectly controlled by any other corporation of which more than one-fourth of the capital stock is owned of record or voted by aliens, their representatives, or by a foreign government or representative thereof or by any corporation organized under the laws of a foreign country?

Yes No N/A

34. If any answer to questions 29, 30, 31, 32 and/or 33 is Yes, attach as an exhibit an identification of the aliens or foreign entities, their nationality, their relationship to the applicant, and the percentage of stock they own or vote.

B-C

BASIC QUALIFICATIONS

35. Does the Applicant request any waivers or exemptions from any of the Commission's Rules?
If Yes, attach as an exhibit, copies of the requests for waivers or exceptions with supporting documents.

Yes No

D Part 1

36. Has the applicant or any party to this application or amendment had any FCC station authorization or license revoked or had any application for an initial, modification or renewal of FCC station authorization, license, or construction permit denied by the Commission? If Yes, attach as an exhibit, an explanation of circumstances.

Yes No

D Part 2

37. Has the applicant, or any party to this application or amendment, or any party directly or indirectly controlling the applicant ever been convicted of a felony by any state or federal court? If Yes, attach as an exhibit, an explanation of circumstances.

Yes No

38. Has any court finally adjudged the applicant, or any person directly or indirectly controlling the applicant, guilty of unlawfully monopolizing or attempting unlawfully to monopolize radio communication, directly or indirectly, through control of manufacture or sale of radio apparatus, exclusive traffic arrangement or any other means or unfair methods of competition? If Yes, attach as an exhibit, an explanation of circumstances

Yes No

39. Is the applicant, or any person directly or indirectly controlling the applicant, currently a party in any pending matter referred to in the preceding two items? If yes, attach as an exhibit, an explanation of the circumstances.

Yes No

40. If the applicant is a corporation and is applying for a space station license, attach as an exhibit the names, address, and citizenship of those stockholders owning a record and/or voting 10 percent or more of the Filer's voting stock and the percentages so held. In the case of fiduciary control, indicate the beneficiary(ies) or class of beneficiaries. Also list the names and addresses of the officers and directors of the Filer.

41. By checking Yes, the undersigned certifies, that neither applicant nor any other party to the application is subject to a denial of Federal benefits that includes FCC benefits pursuant to Section 5301 of the Anti-Drug Act of 1988, 21 U.S.C. Section 862, because of a conviction for possession or distribution of a controlled substance. See 47 CFR 1.2002(b) for the meaning of "party to the application"; for these purposes.

Yes No

42a. Does the applicant intend to use a non-U.S. licensed satellite to provide service in the United States? If Yes, answer 42b and attach an exhibit providing the information specified in 47 C.F.R. 25.137, as appropriate. If No, proceed to question 43.

Yes No

42b. What administration has licensed or is in the process of licensing the space station? If no license will be issued, what administration has coordinated or is in the process of coordinating the space station?

43. Description. (Summarize the nature of the application and the services to be provided). (If the complete description does not appear in this box, please go to the end of the form to view it in its entirety.)

Intelsat LLC modifies its license to relocate INTELSAT 707 from 1.0 degree W.L. orbital location to 53.0 degrees W.L., following the transfer of traffic from INTELSAT 707 to INTELSAT 10-02 at 1.0 degree W.L. Intelsat LLC plans to begin the drift of INTELSAT 707 in August/September 2004 and arrive at the 53.0 degrees W.L. location in September/October

A

CERTIFICATION

The Applicant waives any claim to the use of any particular frequency or of the electromagnetic spectrum as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise, and requests an authorization in accordance with this application. The applicant certifies that grant of this application would not cause the applicant to be in violation of the spectrum aggregation limit in 47 CFR Part 20. All statements made in exhibits are a material part hereof and are incorporated herein as if set out in full in this application. The undersigned, individually and for the applicant, hereby certifies that all statements made in this application and in all attached exhibits are true, complete and correct to the best of his or her knowledge and belief, and are made in good faith.

FCC NOTICE REQUIRED BY THE PAPERWORK REDUCTION ACT

The public reporting for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the required data, and completing and reviewing the collection of information. If you have any comments on this burden estimate, or how we can improve the collection and reduce the burden it causes you, please write to the Federal Communications Commission, AMD-PERM, Paperwork Reduction Project (3060-0678), Washington, DC 20554. We will also accept your comments regarding the Paperwork Reduction Act aspects of this collection via the Internet if you send them to jboley@fcc.gov. PLEASE DO NOT SEND COMPLETED FORMS TO THIS ADDRESS.

Remember – You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid OMB control number or if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0678.

THE FOREGOING NOTICE IS REQUIRED BY THE PAPERWORK REDUCTION ACT OF 1995, PUBLIC LAW 104-13, OCTOBER 1, 1995, 44 U.S.C. SECTION 3507.

43. Description. (Summarize the nature of the application and the services to be provided).

Intelsat LLC modifies its license to relocate INTELSAT 707 from 1.0 degree W.L. orbital location to 53.0 degrees W.L., following the transfer of traffic from INTELSAT 707 to INTELSAT 10-02 at 1.0 degree W.L. Intelsat LLC plans to begin the drift of INTELSAT 707 in August/September 2004 and arrive at the 53.0 degrees W.L. location in September/October 2004.

EXHIBIT A:

Intelsat LLC Notice of Modification of Authorization Pursuant to Fleet Management Procedures;
Exhibit 1 (Technical Description and Other Information Required Under Section 25.114(c);
Exhibit 2 (Fleet Management Certifications)

Before the
FEDERAL COMMUNICATIONS COMMISSION
Washington, D.C. 20554

In the Matter of:

INTELSAT LLC

Notice of Modification of Authorization to Operate, and to Further Construct, Launch, and Operate C-band and Ku-band Satellites that Form a Global Communications System in Geostationary Orbit

File No. SAT-A/O-20000119-00012

**Notice of Intelsat LLC
of Modification of Authorization**

Intelsat LLC ("Intelsat") hereby submits a notice of modification of its space station license to permit relocation pursuant to deployment plan changes. Specifically, as required by Section 25.118(e) of the Commission's Rules, 47 C.F.R. § 25.118 (e), Intelsat submits this 30 day notice to modify its space station license as follows:

1. **INTELSAT 707** (S2398), File No. SAT-A/O-20000119-00012. Intelsat modifies its license to relocate INTELSAT 707 from 1.0° W.L. to 53.0° W.L. Intelsat plans to start the relocation of the INTELSAT 707 satellite upon the transfer of traffic to INTELSAT 10-02 at 1.0° W.L. in Aug./Sept.2004 and arrive at the new location in Sept./Oct. 2004.

In accordance with the requirements of Section 25.117(d) of the Commission's Rules, 47 C.F.R. § 25.117(d), a completed FCC Form 312 is attached for this

modification. A certificate as required by Section 25.118(e) of the Commission's Rules is also attached (see Exhibit 2) .

I. BACKGROUND

On August 8, 2000, the Commission granted Intelsat's application for authority to operate 17 in-orbit C-band and Ku-band satellites then owned and operated by the International Telecommunications Satellite Organization ("INTELSAT"). The Commission also granted Intelsat authority to construct, launch and operate 10 planned satellites. The authorization also allowed Intelsat to relocate, among 22 orbital locations, certain then-operating satellites upon the launch of the 10 planned satellites.¹

As explained in Intelsat's original application, in order to accomplish its diverse mission, the Intelsat system is a dynamic system that is quick to respond to business demands and customer needs. To this end, Intelsat regularly relocates its satellites to optimize satellite usage, satisfy customer requirements and maximize the utilization of orbital resources.²

The instant application for modification of the INTELSAT 707 license is the result of further evaluation and refinement of Intelsat's satellite deployment plans. This

¹ See *Application of Intelsat LLC for C-Band and Ku-Band Global Satellite System* (filed Jan.18, 2000)("Intelsat LLC Application"); *Applications of Intelsat LLC for Authority to Operate and to Further Construct, Launch, and Operate C-Band and Ku-Band Satellites that Form a Global Communications System in Geostationary Orbit*, 15 FCC Rcd 15460 (Aug. 8, 2000) (Memorandum Opinion Order and Authorization) ("Intelsat Order"), *recon. denied*, 15 FCC Rcd 25234 (2000) (Order on Reconsideration).

² See, e.g., *Application of Intelsat LLC to Modify Authorizations to Operate, and to Further Construct, Launch, and Operate C-band and Ku-band Satellites that Form a Global Communications System in Geostationary Orbit*, 16 FCC Rcd 16208 (2001) (Order and Authorization) ("Intelsat Modification Order").

modification, which does not require prior authorization per Section 25.118(e) of the Commission's Rules, is fully described below.

II. MODIFICATION

INTELSAT 707 was authorized to operate at 1.0° W.L. in August 2000.³

Intelsat is now modifying its INTELSAT 707 license to relocate the satellite from 1.0° W.L. to 53.0° W.L. and to operate at that location. At the new location, INTELSAT 707 will replace the currently operating INTELSAT 706. Intelsat plans to relocate INTELSAT 706 to another location and will apply for the modification of the INTELSAT 706 license shortly.

There is no change in the technical characteristics of the satellite and all the waivers granted to the INTELSAT 707 satellite at the 1° W.L. location continue to apply to the new location. The coverage contours from the new location are provided in Attachment 1.

Intelsat has the necessary coordination agreements for the operation of INTELSAT 707 at the new location in place and will operate the satellite in accordance with those agreements.

III. PUBLIC INTEREST SHOWING

The proposed modification in Intelsat's deployment plan will serve the public interest. Not only will the modification promote efficient use of the orbital arc, it will also provide Intelsat with the flexibility needed to manage its system and meet the needs of its customers.

³ See Intelsat Order at Appendix A.

Intelsat will operate the INTELSAT 707 satellite at the new orbital location in accordance with the coordination agreements with nearby satellite operators. Accordingly, this modification will not give rise to any coordination concerns.

Respectfully submitted,

Intelsat LLC

INTELSAT 707 MODIFICATION

**EXHIBIT 1
Technical Description and
Other Information Required Under Section 25.114(c)**

The Applicant, Intelsat LLC, hereby modifies its license for INTELSAT 707 to relocate INTELSAT 707, a geostationary satellite that is already in orbit and operating in the C-band and Ku-band at 1.0° W.L., to 53.0° W.L.

Intelsat plans to start the relocation of INTELSAT 707 in August/September 2004 and have the satellite on-station at the new location in September/October 2004. The technical parameters of the spacecraft remain unchanged. Specific technical information for the INTELSAT 707 satellite at the new location, as required by Section 25.114(c) of the Commission's Rules, is presented below.
(Coverage contours from 53.0° W.L. are provided in Attachment 1.)

NAME AND ADDRESS OF APPLICANT

The Applicant is:

Intelsat LLC
3400 International Drive, N.W.
Washington, D.C. 20008-3098
(202) 944-6800

NAME AND ADDRESS OF CONTACT PERSONS

The contact person for the Applicant is:

Dr. Milenko Stojkovic
Director, Telecommunications and Regulatory Policy
Intelsat Global Service Corporation
3400 International Drive, N.W.
Washington, D.C. 20008-3098
(202) 944-7590

The Applicant's counsel is:

Bert W. Rein
Jennifer D. Hindin
WILEY REIN & FIELDING LLP
1776 K Street, N.W.
Washington, D.C. 20006
(202) 719-7000

Correspondence and communications concerning this application should be addressed to the contact person for the Applicant, with copies to the above counsel.

TYPE OF AUTHORIZATION REQUESTED

This application modifies Intelsat's license for INTELSAT 707 to relocate and continue to operate the satellite in the Fixed-Satellite Service in the C-band and Ku-band. INTELSAT 707 is licensed to operate on both a common and non-common carrier basis.

TECHNICAL INFORMATION

The coverage of INTELSAT 707 from the 53.0° W.L. location is provided in Attachment 1 to this Exhibit.

WAIVERS REQUESTED

The waivers granted to the INTELSAT 707 spacecraft at the 1.0° W.L. location continue to apply at 53.0° W.L.

PUBLIC INTEREST CONSIDERATIONS

A statement regarding the public interest considerations supporting this modification can be found in Part 1 of this application.

ENGINEERING CERTIFICATE

The Engineering Certificate supporting the technical information contained in this application is attached.

ENGINEERING CERTIFICATE

I hereby certify that I am the technically qualified person responsible for the preparation of the engineering information contained in the technical portions of the foregoing application, that I am familiar with Part 25 of the Commission's rules, and that the technical information is complete and accurate to the best of my knowledge and belief.

EXHIBIT 2

Intelsat LLC (“Intelsat”) modifies its license for INTELSAT 707 for satellite fleet management purposes, pursuant to Section 25.118(e) of the rules of the Federal Communications Commission (“FCC” or “Commission”).¹ INTELSAT 707 currently operates at 1.0° W.L. Upon the transfer of traffic to INTELSAT 10-02, a newly launched satellite, at that location, Intelsat will relocate INTELSAT 707 to 53.0° W.L. and begin operations from that orbital position in September/October 2004. Intelsat certifies that the pending orbital relocation meets the following requirements:

1. Intelsat will relocate INTELSAT 707, a geostationary satellite, to 53.0° W.L., an orbital location assigned to Intelsat.
2. INTELSAT 707 will operate within the coordinated parameters.
3. Intelsat certifies that it will comply with all the conditions of its original license and all applicable rules after the relocation.
4. Intelsat certifies that it will comply with all applicable coordination agreements at the newly occupied orbital location.
5. Intelsat certifies that it has completed any necessary coordination of its space station at the new location with other potentially affected space station operators;
6. Intelsat certifies that it will limit operations of the space station to Tracking, Telemetry, and Control (TT&C) functions during the relocation and satellite drift transition period; and
7. Intelsat certifies that the relocation of INTELSAT 707 will not result in a lapse of service for any current customer.

Further, Intelsat is providing 30 days prior notice to the Commission and any potentially affected licensed spectrum users.

¹ 47 C.F.R. § 25.118(e) (2003). This modification does not require prior authorization.
